10c PER COPY First in Service to Readers THE ANTIOCH NEWS, THURSDAY, OCTOBER 23, 1958 First in Results to Advertisers. VOL. LXXIII. NUMBER 16

25 YEARS OF SERVICE to the Antioch Methodist Church are represented by this gathering of present and former pastors who gathered to honor the Rev. Richard Tuttle and his wife, visiting from Sunnyside, Wash. From left to right are: Charles Maples, whose grandfather, the Rev. S. E. Pollock, served the church from 1917 to 1921; The Rev. and Mrs. Wallace Anderson, the present pastor of the church; Mrs. L. V. Sitter, wife of the pastor who served from 1933 to 1937; The Rev. and Mrs. Howard Benson of Hoffman Estates, who were here from 1933 to 1958; Mrs. Tuttle and Rev. Tuttle, whose pastorate was from 1947 to 1953, and Mrs. Warren Henslee, whose husband served from 1937 to 1947.

Wife Sees Mate's Rte. 21 Car Crash

A woman near hysteria was curbed by Lake Villa police about 7:15 p. m. Monday. She blurted out a story of a bumper tag match with her husband and the following crackup of his auto on Rte. 21 a mile north of Lake Villa.

Lake Villa and Sheriff's police and the Lake Villa Rescue Squad converged on the accident scene.

The injured driver was Jere V. Hagen, 50, of Oak Lane, Lake Villa. Sheriff's police, who had jurisdictional authority in the accident, said that Hagen's southbound car apparently went out of control on a curve and tore through a mail box and struck several concrete abutments.

Taken to Condell
The Lake Villa man was taken to Condell Memorial Hospital with a deep scalp cut, several face cuts, a possible fractured wrist, and cuts on the legs and shoulder. Hospital authorities said Wednesday that he "was doing fine."

Mrs. Hagen was questioned by police when she stopped near Sherry's Tavern after flashing by a Lake Villa squad car.

Capt. Paul Bocox questioned her. He said that she was apparently in a state of shock.

Keeping Even Distance
He said she cried in confusion, "He's dead; get a doctor."

Mrs. Hagen said that she was driving behind her husband and trying to keep an even distance from the rear of his vehicle. When he sped up, so did she, "but there were

no sudden accelerations," she asserted.

She said, according to sheriff's police, that her car had been closer to her husband's than usual.

"Suddenly the road in front of me was a big cloud of dust, and I saw that he had crashed," Mrs. Hagen recalled.

She then drove on to Lake Villa in apparent panic where police received her story.

No charges were filed by police.

Bullets Smash Window Panes At High School

Three rifle bullets punched through west windows of the Antioch Township High School sometime Saturday night.

One shot hit an office window. Another embedded in the wall of the math room after busting the window.

The third struck an intercommunications loud speaker on the second floor of the school.

Two teachers uncovered the damage Sunday.

Windows were broken on the north side of the school building earlier in the fall.

Downtown buildings have been damaged by gunshots in recent weeks.

Pick 21 Prize Winners At Fall Festival Sale

Shoppers won special prizes at the Fall Festival Sale last weekend as thousands visited the shopping area during the two-day affair.

The sale was pronounced "fair" by Russell Barnstable, a co-chairman of the retail merchants committee of the Chamber of Commerce. He attributed Indian Summer as being a factor in drawing people to recreation instead of fall and winter shopping. Duck hunting season began on Saturday, last day of the sale.

More than 5,000 entries were made for the two drawings for merchandise certificates and all entry blanks were used, Barnstable said. There were 21 winners.

Big winners in the drawings were Mrs. William Setek, 445 Lake St.; Mrs. Helen Zeien, RFD 3; Mrs. A. W. Wertz, RFD 4; Mrs. William F. Jackson, RFD 1, Richmond. They each won a \$25 United States Savings Bond given by the State Bank of Antioch and the First National Bank.

Other winners on Friday were Mrs. Minnie Steier, Alice Fearon, Mrs. Ruth Erickson, Erna Lewis, Mrs. Wendell Studebaker, Mrs. B.

G. Munsinger, and Mrs. Robert Pincombe.

Saturday winners were Adrian Fortmann, Mary Lou Miller, Emil Kulp, Ann Madsen, Mary Markul, Tony Fischer, Mrs. Erich Lubkeman, Florence Eckert, Pamela Stewart, and E. K. Gordon.

Expect High Yield From Corn Harvest

80 to 90 Bushels Per Acre Forecasted Here

Another high yield is expected from this year's corn harvest now getting underway.

Farm Advisor Ray Nicholas estimates that a yield of 80 to 90 bushels per acre can be expected from well-managed fields with good soil.

He based his prediction on early reports coming in from the area and a test plot recently harvested by the Agricultural Extension of Lake County.

Its plot, which is located on the Ronald Paddock farm near Volo, brought a yield of 79 to 92 bushels per acre.

This matches the high productivity of last year's crop.

The corn harvest should be finished by the middle of November barring a spell of unusually moist weather.

Soy Bean Crop Weak

Most soy bean crops have been harvested, and the yield has been lower than in 1957. Nicholas said the soy beans this year ran between 25 and 30 bushels per acre in comparison with the 30 to 35 bushels per acre yield last fall.

A soy bean test plot located on the Lakefield farm southwest of Grayslake brought in only 18 to 23 bushels per acre, but this was unusually low.

The Agriculture Extension's test plots are used to test a variety of fertilizers, but "they are a sound

indication of crop yields on the best field in the area," Nicholas said.

A spell of generally moisture free weather has dried the corn for harvesting. The rain Wednesday did not substantially affect the fields according to Nicholas.

"The little rain that there has been should help farmers with their winter wheat planting though," he commented.

The dry weather in recent weeks has been ideal for drying out the soy beans before harvest. The moisture content of the beans taken from the Grayslake test plot was only 10 per cent. This is unusually good, the farm adviser said.

A bumper crop of oats and wheat was harvested during July and August. The oat yield ranged from 90 to 100 bushels per acre.

Wheat averaged 40 to 40 bushels per acre according to the farm adviser's figures.

Hunters Hurt At Grass Lake Duck Opener

Heavy fog and evident negligence were blamed for several minor shotgun wounds received by hunters during the opening day of the duck hunting season last Saturday.

Ernie Stiehl of Villa Park was struck by pellets on the lip, eyebrow, and side of his face as he was setting out decoys.

He was reportedly not seriously injured, but one pellet tore through his lip.

A Chicago man was struck on the right hand by a shotgun pellet during the day's shooting on Grass Lake.

Robert Morgan, 36, 5381 Bowmanville Ave., was treated for the flesh wound in Ravenswood Hospital in Chicago later in the day.

The pellet was apparently part of a wild blast discharged by another hunter in the area.

Other reports were received, but none involved serious mishaps.

Charles Haling, owner of Haling's Resort, said that with the fog "it was a wonder that more people weren't hurt." He recalled that it was the first time in several years that anyone had been hit.

Dedicate New Grade School At Lindenhurst

The dedication of the B. J. Hooper Grade School at Lindenhurst Sunday will officially mark the partial solution of growth problems in the Lake Villa area.

The public is invited to the open house from 3 to 5 p. m. at which Congresswoman Marguerite Stitt Chubb and W. C. Petty, county superintendent of schools, will speak.

The 11-classroom building was opened for education to 260 students last month. Students from kindergarten through the fourth grade attend. Pupils in the fifth through eighth grades go to the Lake Villa Grade School.

The dedication ceremonies as announced by Melvin Colbert, superintendent of the Lake Villa School District 41 are as follows:

Presentation of United States Flag by Commander Elmer Kasting, Veterans of Foreign Wars Post 4308. The flag is a gift of the VFW post; Pledge of Allegiance by Bill Puck-

ett, Boy Scout Troop 44; National Anthem sung by Frank Deyoung.

The invocation will be given by the Rev. Paxton MacArthur, pastor of the Grace Community Church in Venetian Village.

Music will be by the Senior Band Saxophone Section from the Lake Villa Grade School.

A tribute to B. J. Hooper for whom the school is named will be given by Harry Pavel, president of the Board of Education of the district.

After remarks by Superintendent Petty and Congresswoman Church, James E. Bradley, new principal of the school will invite those attending to tour the facilities.

The benediction will be given by the Rev. Gerald Robinson, pastor of the Community Methodist Church at Lake Villa. The open house is conducted by Mrs. Walter McCleod, president of the Lake Villa PTA.

Jury Decides Not to Indict Antioch Girl

A "no bill" was voted by the October Grand Jury in the case of Christine Ptasienski, 19, of rural Antioch who had been charged with reckless homicide and manslaughter in the traffic death of Albert Doolittle, a farmer near Antioch.

Miss Ptasienski was the driver of a pickup truck which apparently struck and killed Doolittle Aug. 18 as he was crossing Rte. 173 west of Rte. 45.

A coroner's jury had sent the case to the Grand Jury.

New School Board Member Named; Oakland School Dedication Set

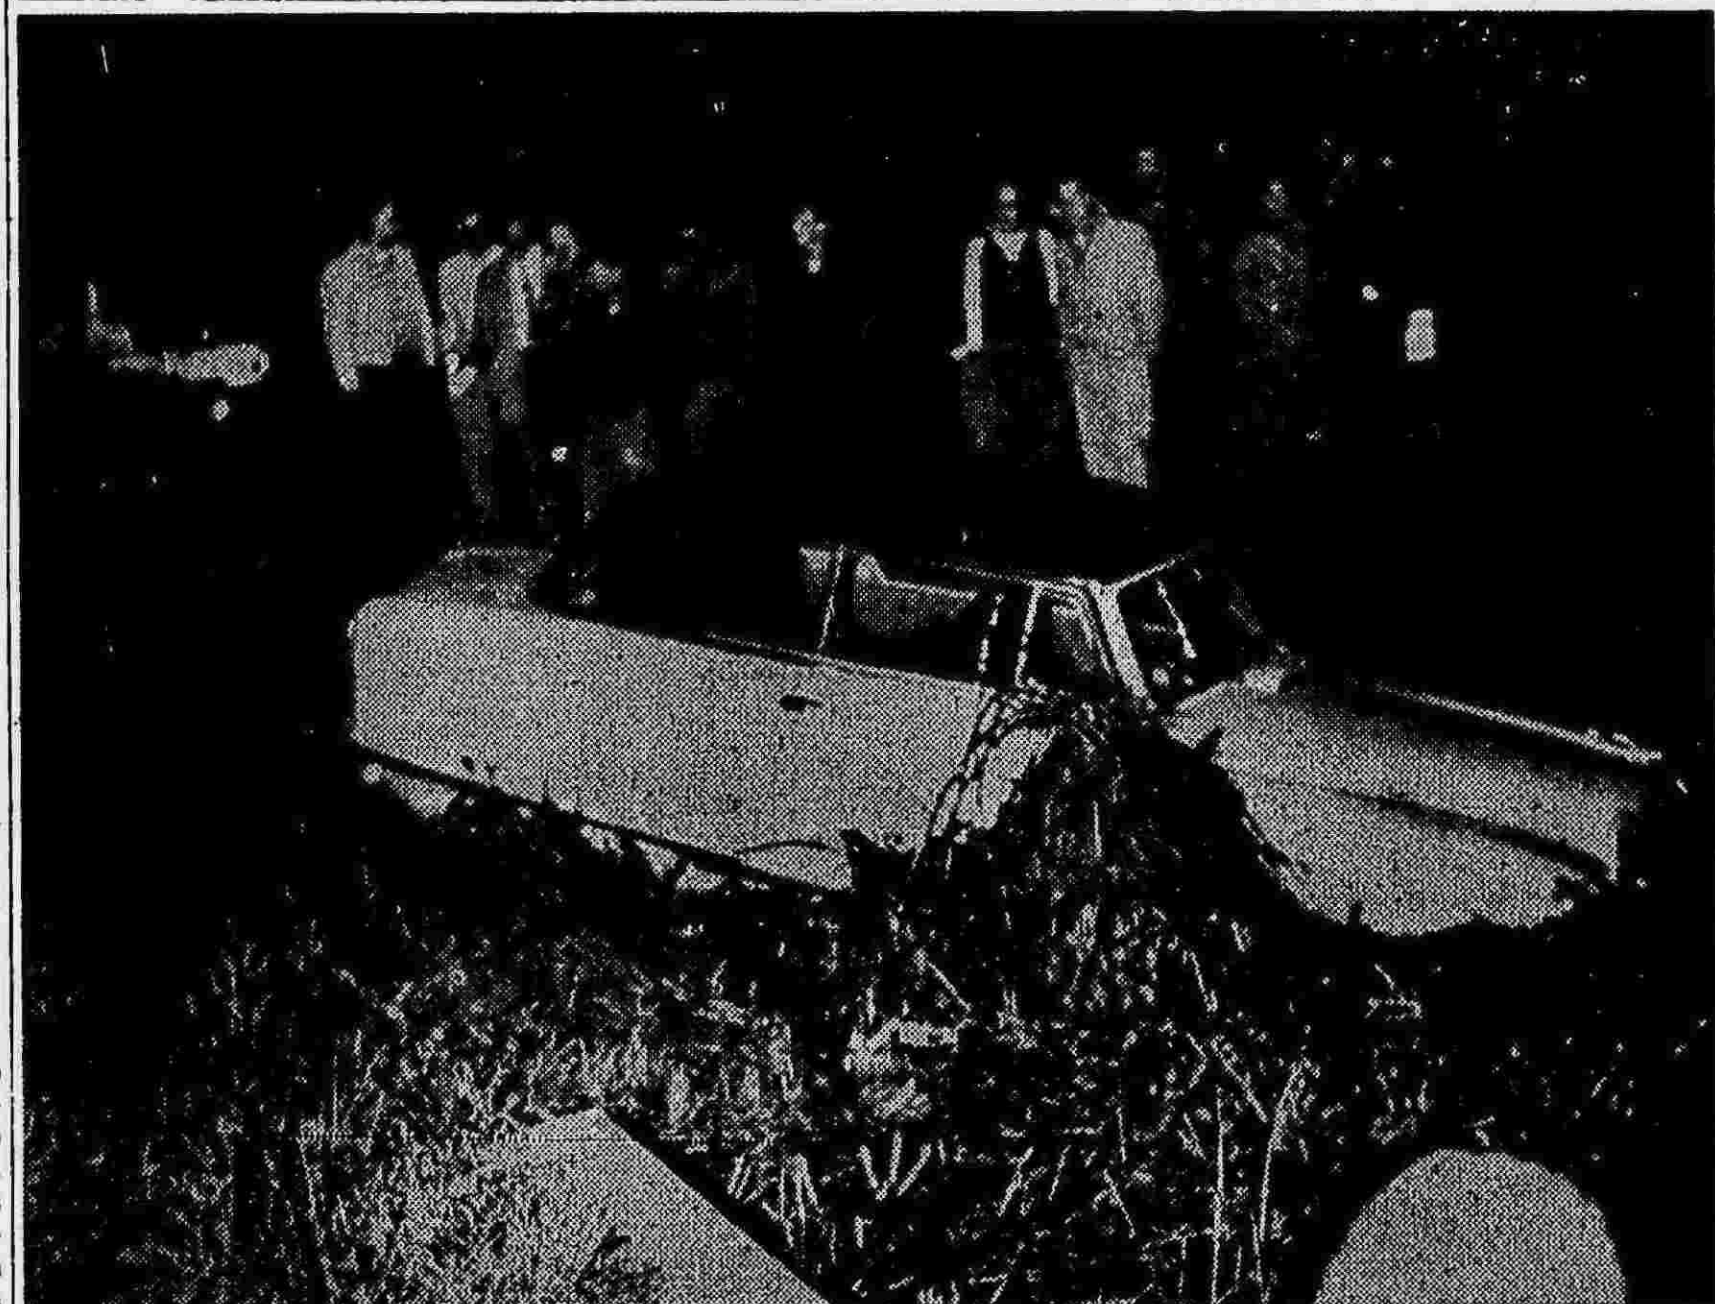

A new member was seated and plans for the Oakland School dedication were the major items of business at last week's meeting of the Antioch Consolidated Grade School Board of Education.

The new member is Mrs. Irene Gable. The board appointed her to fill out the unexpired term of Wendell Nelson, who recently moved to California.

The school dedication and open

house will be held Nov. 2 from 3 to 5 p. m. The school principal, Richard Whitacre, has been asked to secure speakers for the program.

The Oakland school opened its doors this fall. The modern building which serves children from kindergarten through the eighth grade, is located at the corner of Loon Lake Road and Deep Lake Road.

A MUDDY TRAP ensnares a Chicago woman's auto after it went off the road in a sideswipe collision with another vehicle on Rte. 83. Mrs. Christine Schoke suffered a minor injury in the Saturday night accident at the state line.

Auto Mired In Slough

A small car wallowed fender deep in a slough Saturday night after sideswiping another auto trying to make a left turn from Rte. 83, just above the state line.

Mrs. Christine Schoke, 39, Chicago was cut slightly on the forehead in the mishap. The Antioch Rescue Squad brought her to the clinic here for treatment.

Both cars were traveling north on Rte. 83. The first car stopped before making a left turn on to the subdivision road a short distance north of the line when Mrs. Schoke tried to pass on the left.

Her car struck the first auto and glanced off into the slough at the left side of the road.

Japanese Culture Topic of Lioness Night Program

A touch of Japanese culture will be offered at the Antioch Lions Club "Lioness Night" next Monday night at El Rancho Pasadena.

Gus Stuart and his wife, Hiroko, will present a program of Japanese customs in education, religion, and art.

They will use slides to illustrate their lecture and plan to wear Japanese costumes to lend authenticity (Continued on page eight)

The Judicial Reform

Unquestionably the most controversial, and most important, referendum which will be submitted to the people of this state, in the Nov. 4 elections is the "blue ballot" on reformation of the Illinois judicial system.

The Illinois Bar Assn., a variety of civic groups, and many public officials are urging the acceptance of this referendum as at least a first step in renovating the 19th century court organization which is in effect at present.

It seems obvious that a system so ancient in its origin must be outmoded in many of its fundamental rules.

This assumption is substantiated first by the fact that legal suits are continually arising in regard to overlapping jurisdictions of the lower courts.

The judicial reform undertakes the solution of this problem by abolishing the positions of police magistrate, justice of the peace, city, judge, probate judge, county judge.

These judges will be replaced by a unified system of circuit judges and their appointed magistrates.

The assignment of circuit court authority to the lower trial court level will give the local judicial process a titular dignity sorely lacking in many JP and police court proceedings.

Perhaps the most important stipulation of the court amendment is its provision for salaried judges on all levels in place of the fee system now used in many lower courts.

Under the fee system in many cases the presiding judge receives payment for his work only if a fine is assessed.

The incentive towards finding the accused guilty and fining him an exorbitant sum is always present even if seldom or never practiced by the great majority of honest court officials.

As the corollary to this salary provision, the amendment specifies that no judge on any level will be allowed to mix his judicial duties with a law practice or other business.

The JP system has been attacked on these grounds, especially in regard to the use of that position's authority in collecting debts for a client.

A principal objection to the new court plan is that it takes the choice of the lower court judges out of the people's hands and abolishes "home rule."

But, in actual practice, the choice of police magistrate and JP candidates is often so far removed from the common person that the argument to preserve these positions as elective offices is valid only in the realm of pure theory.

In place of JPs and police magistrates picked by tightly-knit local party organizations, the appointment of the new circuit court judiciary will be made by district circuit judges under the

"A newspaper that never spoke its own mind would not be, to our notion, much satisfaction to publish or read."

-A Weekly Newspaper Editor

administration of the Chief Justice of the Illinois Supreme Court.

The higher courts, both in the state and the nation, have always been more free from political influence than other government bodies.

A commission composed of members of the circuit court will rule on a judge's removal in the case of malfeasance charges.

The new amendment falls in one basic respect. It makes no provision for abolishing the selection of state judges by the frequently tainted party convention system.

The weakness in the judicial system may be magnified by the greater power which the amendment places with the higher courts.

The amendment does include a statement under the section on "Selection and Tenure" which indicates that future changes in the method of selecting judges can be made.

According to the new judicial article, the party convention system for judicial selection can be altered or abolished by a future referendum and the consensus of two-thirds of each house of the state legislature.

Political pressure is the acknowledged reason why a new method of selection was omitted in the amendment now being proposed.

The grave necessity of obtaining a faster and less expensive court system with proper supervision of all courts by the Supreme Court should compel voters to accept the judicial amendment Nov. 4.

At the same time, the voters must vow their determination to force the state legislature through the weight of public opinion—to complete the job that it has started by introducing a new means of judicial selection.

The Back Street Project

Antioch is forging ahead on its street system. The completion of a \$6,900 street repair project was reported at this month's village board meeting.

Among the more ambitious ideas presented at the village board meeting was the proposed construction of a new street or alley to run behind the shopping area on the east side of Main street.

Merchants there have long needed more space and easier access for shoppers' parking and for store deliveries.

The convenience which local shoppers will enjoy from such a street more than justifies it as a community undertaking.

Property owners behind the stores have offered to donate the land required for such a street. The village, according to plan, would finance the actual construction.

There are a good many places in Antioch where traffic bottlenecks might be removed, with even less effort by village officials.

An investigation of these possibilities by the streets and lights committee and the village board would certainly be in order.

High man for the evening was Don Ringsteyer, with a 618 total. He also had high game for the evening—225.

Jack Lund still leads the league with a 254 game, for the season.

Wolff's Resort took two games from Maier's Service. Klima's Resort took two games from Joe's Tap; Engle Realtors won two from Thor's Shell Service; and Sherry's "took" Lindenhurst Police team.

Sunday visitors in the home of John Selzer and family were Mr. and Mrs. Ed Renis and Mr. and Mrs. Adolph Renis, Morton Grove, Illinois.

Congratulations to Mr. and Mrs. John Selzer who celebrated their 17th wedding anniversary Saturday, October 18.

The Pinochle club met in the home of Marge Campbell Friday, Oct. 17. The next meeting will be in the home of Zenia Neumann, Nov. 7.

Frank Simecek, who has been ill in Victory Memorial Hospital for several days underwent surgery on his spine Tuesday morning, Oct. 21. A speedy recovery is wished for him.

Get fire, theft, liability insurance for your home... with one policy

As a homeowner, you should be protected by three kinds of insurance: fire, theft, liability. But you don't need separate policies... our "I-Policy" Home Protection Plan does the job!

SOCIETY EVENTS

Granddaughter of Mrs. D. S. Boyer Wed in New York

Mr. and Mrs. C. W. Hollandale, of Neenah, Wis., have announced the marriage of their daughter, Gloria Jean Janisch, to Mr. Warren Gilbert Armbricht, son of Mr. and Mrs. Armbricht, of Richmond, Virginia.

The marriage was solemnized on Sunday, October 5, at the Central Presbyterian Church, New York City, with a reception at The Carlyle. Following a wedding trip to Canada, the couple will make their home at Riddells Bay, Bermuda.

The bride, a granddaughter of Mrs. D. S. Boyer of Lake Villa, is a graduate of the University of Arizona and was associated with Glamour Magazine before her marriage. The groom is with Eastern Airlines, New York City.

Juniors to Offer '12 Angry Women'

The Junior Class of Antioch Township High School will present "Twelve Angry Women," a three act play Nov. 7 and 8 in the school auditorium.

The play was adapted from the award winning television play, "Twelve Angry Men."

Sharon Dittman and Nancy Brockway are cast in the top roles for the high school production.

TV Appearance Next For L. V. Kadettes

The Kadettes, newly formed Lake Villa VFW drill team, are meeting each Tuesday at 6:30 at the VFW hall for further training, in preparation for future public appearances.

Their instructor, Alice Shea of Waukegan, is well known, holding the title of world's champion batonist, as well as the national championship. The Kadettes number 25, but membership will be increased to 40. The team is composed of girls from 9-12 years of age.

After their appearance on a Chicago TV station soon, the Kadettes will go to the state VFW convention and will also march in Chicago parades.

REBEKAH LODGE NO. 82 HOLDS FALL MEETING

Lakeside Rebekah Lodge No. 82 will hold their fall meeting for District No. 3 at 8 p. m. Nov. 5, in the Legion Hall.

A public installation will be held about 8:45.

Lindenhurst Men's Club Plans Dance

The Dance Committee of the Lindenhurst Men's Club announces that its second annual fall dance will be held at the club house on October 25.

The club, located just north of Lindenhurst Drive, will be decorated. Music will be furnished by the Versal-Aire Jrs. orchestra.

Lakeside Girl Scout Council

Mrs. Eugene Erickson, President of the Lakeside Girl Scout Council, announced recently the appointment of seven Council members to attend the Great Lakes Regional Conference, to be held in Detroit, Mich., October 28, 29, and 30.

Those slated to attend are adult members Mrs. W. F. Bruhn and Mrs. Francis Illian, Wildwood; Mrs. Martin Vehlow, Gages Lake; Mrs. Eugene Lawman, Ingleside; Mrs. Regis Balkey, Grayslake, and Senior Scouts Miss Joy Cortese, Round Lake, and Miss Eileen Teasdale, Grayslake.

Using as its theme "You Can Count on Her—Can She Count on You?", the conference will provide stimulating group meetings on various phases of Scouting. Also, trips, tours, exhibits, and film showings will be presented for the more than 3,000 representatives expected to attend.

This conference takes place every two years and includes representatives from Wisconsin, Michigan, and Indiana, as well as Illinois.

SCOUTS WORK ON SERVICE PROJECT

A joint community service project by all scout units in the Grass Lake area took place last Saturday, Oct. 18, behind Grass Lake School. All large rocks and debris were cleared from the area in preparation for landscaping work that will be done in the future. All scout units participated.

TROOP 80 INVITED TO HALLOWEEN PARTY

Girl Scouts of Troop 6, Grass Lake, will give a Halloween party from 7 to 9 p. m., on Monday, Oct. 27, in the Scout House. Boy Scouts of Troop 80, Grass Lake, are the invited guests.

MRS. LEO BUCHTA VISITS DAUGHTER

Mrs. Leo Buchta has just returned home from Colby, Wis., after spending two and a half weeks with her daughter, Mrs. Peter Jeciwus. Mrs. Buchta welcomed her fifteenth grandchild, Marlene Sue, born on the 25th of September. She tipped the scales at 7 lbs. 8 oz. Miss Marlene has two sisters, Barbara, 10, and Jane, 5, and one brother, Peter, 9.

AIRMAN 2/c CARDIFF HOME ON FURLOUGH

Airman 2/c Donald Richard Cardiff, son of Mr. and Mrs. Harold E. Cardiff, returned recently after serving one year in Korea.

Donald is a '56 graduate of ATHS and is serving a 4 year enlistment in the Air Force. Donald's next assignment, about the middle of November, will be in Great Falls, Montana.

Install New G.A.A. Members at A.T.H.S.

The Girl's Athletic Association of Antioch Township High School conducted their yearly installation of new members into their organization on Wednesday of this week.

The thirty-seven new members initiated were: Judy Veyvoda, Marie Freund, Carol Plotske, Carol Kaskie, Pat Brown, Janet Rozek, Karleen Rockow, Marilyn Moran, Judy Rudolph, Nancy Barnstable, Donna Wagner, Bonnie Schneider, Darlene Chinn, Sally Vos, Phyllis Kopriva, Lori Pedersen, Jane Lassen, Edna Beattie, Mary Ann Simon, Christine Banett, Judy Alms, Kay Knigge, Vicky Popach, Karen Kersten, Judy Rosquist, Rebecca Andersen, Sandy Jordan, Anita Royer, Annette Royer, Carolyn Schissler, Jayne Jensen, Lynne Cheetham, Wally Lense, Mary Ploss, Karen Horton, and Carol Larson.

The officers officiating in the candle lighting ceremony were: Ione Cribb, president; Sue Duha, vice president; Trudy Good, secretary; and Pat Byrnes, treasurer.

GRADE SCHOOL PTA HEARS WM. SHEEHAN

The members of the Antioch Grade School PTA enjoyed a very interesting talk Monday evening by Mr. William Sheehan, Supt. of Schools at Deerfield.

Mr. Sheehan discussed the changing problems facing our youth today, and pointed out the parents' and teachers' responsibility to help the youth to adjust to them. He also showed colored slides of a recent trip to Europe, with entertaining commentary.

Mr. Whitacre invited all to attend the dedication of the new Oakdale School, which will be at 3 p. m. Sunday, Nov. 2. Open House will continue until 5 p. m.

Mrs. Dittman received first place in room and Mrs. Winders took second. Both are fifth grade teachers.

The chairman of the ways and means committee, Mrs. Joseph Hellstrom, announced that the PTA would have a ham dinner on Nov. 15.

Refreshments were served by the seventh grade Room Mothers, Mesdames Otto Hamke, Emil Hallwas, and Walter Tanke.

RAINBOW GIRLS ACTIVITIES

There will be a regular meeting of the Rainbow for Girls on Monday, Oct. 27.

Worthy Advisor Faye Mann will preside and two new candidates, Harriet Wells and June Behrens, will be initiated. The initiation will be formal.

The Antioch and Millburn Rainbow Girls and the Millburn DeMolay Boys will join in a Halloween party at the Masonic Temple in Millburn on Saturday, Oct. 25. All advisory board members are invited to be present.

The Mesdames Elmer Hunter, Robert Mann, Gus Mantis and Donald Gibbs accompanied a group of Rainbow Girls on Tuesday to a reception in Libertyville. Anne Forney, Grand Representative to Japan, was the honored guest.

EASTERN STAR CARD PARTY TONIGHT

Antioch Chapter Order of the Eastern Star will hold a public card party in the Masonic Temple at 8 p. m. this (Thursday) evening.

125 Area High School Girls to Gather for GAA Play Day

"Awards Festival" will be the name of the Antioch High School G.A.A. Play Day which will be held Saturday in the high school gym. The schools which will be represented are: Antioch, Grayslake, Gurnee, Harvard, Ingleside, Libertyville, and Richmond. Approximately 125 girls will be present.

The morning program will begin with registration and general get-acquainted period. The girls will be divided into eight teams.

After the team activities each representative will give a skit. Lunch will be served to the group in the cafeteria. The winners of the morning tournament will be given desk spindles in the form of cedar maps of Illinois which is the symbol of G.A.A.

Antioch Officers Attend Grand Chapter Session Of Eastern Star Of Ill.

The 84th annual Grand Chapter session of the Order of the Eastern Star opened in Medinah Temple, 800 North Wabash Ave., Chicago, on Sunday, October 5, with a "Go to Church Sunday" and memorial service for departed members.

On Monday evening, the annual dinner dance was held at the Morrison Hotel.

The Tuesday morning session was opened at 10 a. m. by Mrs. Betty H. Clark, worthy grand matron, and Menke Drews, Jr., worthy grand patron, in front of a backdrop which read, "You Will Never Walk Alone." (Meaning "when you walk with Christ.")

Reports were given on the two Eastern Star Homes, the Sanitarium at Macon with about 50 patients, and the Rockford Home for the Aged, with about 100 members.

Tuesday evening, 59 scholarships were given to young college men and women who plan to enter a vocation of service. Miss Marilu Bushing, daughter of Mrs. Marie Bushing, received one of the scholarships. Marilu is a graduate of Antioch High School and is a sophomore at Blackburn college, Carlinville, studying to be a teacher.

On Wednesday, Mrs. Pearl Fairchild, a woman accountant from Freeport, Ill., was elected worthy grand matron to preside over the State of Illinois in 1959. Elected to serve with her was Albert W. Dilling, a Chicago attorney.

There were some 4000 delegates and members, from 801 chapters throughout the state at the session in Chicago.

Those from Antioch who attended were Mrs. Robert Pincombe, worthy matron of Antioch chapter; Mrs. Elmer Hunter, a member of the credential committee; Mrs. John Gaa, special eligibility committee, and Leslie Heath, a past patron of Antioch chapter.

All members of Antioch Moose Lodge No. 525, who would like to participate in the blood bank, may phone the Moose Lodge, or contact the blood bank chairman, Raymond C. Kolar.

Remember to come to the Halloween Dance masquerade, on Oct. 25 at the Moose Home, from 9 p. m. to 2 a. m.

A children's Halloween party will be held at the Moose Home at 2 p. m. Sunday, Oct. 26.

The Women of the Moose, Antioch Chapter No. 735, are sponsoring a Sample Fair on Thursday, Nov. 13. More details on this next week.

Cong. Church Speaker at Antioch Woman's Club

About 65 members and 10 guests of the Antioch Woman's Club met Monday, Oct. 20, at the Scout House. Preceding the meeting the board had a business meeting.

Mrs. Marguerite Stitt Church, Congresswoman and Chairman of Foreign Affairs, gave a very interesting talk on the subject "The World We Live In." She also spoke on different countries she visited.

The group enjoyed a variety of delicious home made cake and coffee served by the hostess committee.

Mrs. W. C. Petty, chairman, was assisted by Mesdames Frank Pecousek, C. W. Pflager, William Rossing, Lawrence Sexauer, D. S. Boyer, E. J. Sletten, Robert O. Liess, Wm. Meyer and Donald Chiappetta.

Card of Thanks

We wish to express our deep gratitude to all—to Protestants, Catholics and Jewish, to white and black and to friends and strangers for your sincere sympathies, prayers and gifts for our missing son and brother, Gene.

Gene's parents, Marian and Herbert Prange Richard and Sharon

Matt Schaff To Join In Assault By Parachutes

Army Sergeant First Class Matt Schaff, 28, son of Mrs. Selma Schaff, Antioch, is scheduled to participate with the 327th Infantry in "Exercise White Cloud," a Strategic Army Corp (STRAC) maneuver involving parachute assaults on Fort Campbell, Ky., and Fort Bragg, N. C.

The exercise, which will take place between Oct. 23 and Nov. 8, is designed to test the effectiveness of STRAC troops in making swift and decisive assault movements.

Schaff, a platoon sergeant in Headquarters company of the infantry, Fort Campbell, entered the Army in 1947.

The Antioch News and Antioch Theatre invite H. J. Gorlitz, Rt. 1, Box 180, Trevor, Wis., and one to attend Sunday, Monday or Tuesday's showing of "The Big Country," at the Antioch Theatre.

In Memoriam

In memory of our beloved husband, father and grandfather, who passed away October 23, 1958.

Mrs. Fred Paasch and Jane Mr. and Mrs. Jack Crandall, Dale and Diane

GARDEN CLUB'S FIRST MEETING OF FALL SEASON

The Antioch Garden Club will hold its first meeting of the fall season on Monday, Oct. 27, at 1:30 o'clock at the home of Mrs. H. W. Frizzell on Crawford Road, Wadsworth, Ill.

The program chairman, Mrs. Norvin Stoffel, prevailed upon one of the local florists and nursery men, Mr. Robert Willmet, to present the program. All members are urged to be present.

HENRY BAUER AWARDED MEMBERSHIP CITATION

Henry Bauer and family, of Grass Lake Road, Antioch, attended a 50 Year Member Award party on Oct. 17, at the Bavarian Inn, 3159 N. Southport Ave., Chicago. This affair was given by the "Stock Im Eisen" Sick Benefit Society, and Mr. Bauer was one of the eight members to be awarded a citation for long standing membership in the Society. He has been a member for 55 years.

The party brought many of the society's brethren and friends together and memories of years gone by were exchanged throughout the evening.

News 2nd Favorite Recipe

Make Italian Meat Balls From Real Italian Family

"Neighbors like it very much and we serve it at almost every neighborhood gathering."

It's a long recipe but well worth the effort to prepare these Italian Meat Balls from the authentic Italian recipe of Mrs. Lucille D'Abaldo of Oakwood Knolls. Mrs. D'Abaldo, a cashier at the Jewel Food Store in Antioch, submitted it as her entry in the favorite foods recipe feature of the Antioch News. She has lived here four years.

ITALIAN MEAT BALLS

2 lbs. beef, veal and pork finely ground
3 slices of toast
2 tablespoons chopped parsley
1 egg
1 teaspoon garlic juice
2 tablespoons grated cheese
1 1/2 teaspoon salt
1/4 teaspoon black pepper

Soak bread in cold water, then press dry. Mix all ingredients in bowl and blend together thoroughly. Form into medium-size balls and fry slowly in about 2 tablespoons of shortening until golden brown. Place on paper towel until ready for sauce. Place one glass of wine or 1/2 glass of vinegar in sauce pan and add 1 teaspoon garlic juice, just 1/2 minute add one No. 2 1/2 can of Italian tomato, simmer for 1/2 hour and add 2 cans of tomato paste and 1/4 teaspoon oregano, 1/4 teaspoon nutmeg, 1 teaspoon dry parsley, 1/4 teaspoon salt. Add 1 No. 2 1/2 can of water. Simmer for 1 1/2 hours, add meat balls and simmer another 1 1/2 hours over low heat.

RICOTTA FILLING

1 1/2 lbs. fresh ricotta
1 egg
1 teaspoon salt
rind of 1 lemon
1/2 teaspoon black pepper
1/4 cup chopped parsley
2 cups grated Italian cheese

Drain ricotta (purchased in Italian grocery) and add grated cheese, salt, pepper, rind of lemon, parsley and egg, mix well—do not make it soft.

Cook 1 1/2 lbs. of lasagne about 25 minutes adding 1 tablespoon of oil to water to prevent lasagne from sticking together. Drain. Grate 1 Scamorza cheese in small piece. Prepare 1 cup grated cheese romano.

Using glass dish or any baking dish about 12x10x4, place sauce on bottom of dish, add one layer of lasagne, sprinkle scamorza, part of ricotta filling sauce and grated romano cheese and repeat until all is used. Add sauce and cover, bake 350° for 45 minutes to 1 hour.

Baked lasagne must stand in room temperature for about 15 to 20 minutes after baking before cutting and serving, using a flexible pancake server.

BOB WILLRETT

1 1/2 mi. So. on 21-83 Antioch

THE KADETTES, LAKE VILLA VFW DRILL TEAM, READY FOR NEXT PUBLIC APPEARANCE. They are, left to right, 1st row: Cheryl Schneider, Penny Jo Nader, Pat Dibble, Barbara Shull, Norma Blumenschein, Linda McCleod, Christi McCleod and Suzanne Henry. Standing: Sharon Slozes, Joyce Sheehan, Linda Blue, Gayle Cummings, Lois Weathers, Carol McCarthy, Jodee Williamson, Marilyn Bonnecke, Janet Sheehan, Janet McCarthy and instructor, Miss Alice Shee.

Location Given as Example

Forest Preserve Site Could be Near Antioch

An area east of Antioch near Rte. 173 has been pointed out as a typical site for a future forest preserve.

However, citizens and county officials who are backing the Nov. 4 referendum to make Lake County a Forest Preserve District emphasize that possible preserve sites are entirely dependent upon a thorough geological survey to be made after the district is created.

The area near Antioch, which is one of the few places in the state where Tamarack trees are located, was among a number of peat bogs and marshy areas named by Robert C. Morris, director of the Lake County Regional Planning Commission as theoretical preserve sites.

He also emphasized that no concrete plans had been, or could be, made until the referendum is accepted.

The referendum, if approved, will make the entire county a forest preserve district under the supervision of the County Board of Supervisors and permit a tax levy of .025 per cent of the assessed real estate value of the county.

The new taxing powers would go into effect in 1960. Based on a forecast of approximately one billion dollars assessed real estate value in the county at that time, the maximum levy would be about \$250,000.

On this scale, the maximum tax allowed for the forest preserve district has been computed as \$2.50 for a house assessed at \$10,000 in value.

The County Board of Supervisors has promised to organize a professional group of naturalists and conservation officers as administrators of the forest preserve sites.

Various pieces of land which retain natural interest will be purchased for the forest preserves. Their development may be undertaken over a period of years.

Proponents argue that the land must be saved now before it becomes impossible or highly extravagant to buy. They emphasize that the land that would be used for a forest preserve is not usually desirable land from a farming or industrial standpoint.

Planners have their eyes on various marshes and swamps which dot the county.

Other peat bogs in this area which were mentioned include a site south of Fox Lake and another south of Wauconda.

The peat bogs were formed when the last glacial mass receded from this area. The tremendous pressure of the movement upturned the soil leaving marshy areas.

Morris mentioned these areas because of their natural interest and because of the possibilities for inexpensive purchase by the forest preserve administration.

Voters Can Meet GOP Candidates At Monday Coffee

All Antioch voters are invited to have coffee and lunch with the Republican candidates for Lake County offices at three big gatherings here Monday.

No political speeches will be made but voters are invited to come and meet the candidates.

At 10 a.m. the candidates will gather at the home of State Rep. William J. Murphy at Petite Lake. Then at noon they will come into town to meet voters at a luncheon at the Ed Vos home, 576 Main st. At 2 p.m. they will go to the home of Mrs. Ray Boller, Millburn.

Voters who don't get a chance to meet the candidates at coffee will be able to see them Tuesday night at the home of State's Attorney Thomas Moran at 2424 Sunset Ave., Waukegan.

DAUGHTER IS BORN

Mr. and Mrs. Robert Brazner, Menomonee Falls, Wis., are the parents of a daughter, born Oct. 20. Mrs. Brazner was the former Ruth Barthel of Salem, Wis.

The Talking Books for the Blind have been one of the greatest boons to America's 350,000 blind people, according to an announcement made by the American Foundation for the Blind, which has printed seven million records for the Library of Congress since it began the project 25 years ago.

Plans for Spring Grove Register Plant Outlined

Construction will begin soon on a new factory in this area which will eventually employ about 1700 persons.

A. N. May Builders, Inc. has just completed an agreement with the International Register Company, 2620 W. Washington Street, Chicago, Ill., to construct a plant at Spring Grove, Ill.

The plant is to be located just west of Spring Grove on a 48 acre tract of land. This land is part of the former Steve Huff farm and was more recently owned by Mrs. Rosa Hausner. After consultation with the village officials, it was decided to include the plant property within the incorporated limits of the village.

The new plant will be built in three sections. The first section to be built by A. N. May Builders, Inc. will cover 114,000 square feet of floor space and will be completed in July of 1959. When in operation this section will employ about 350 people. Upon completion of the remaining two sections, the plant will cover 300,000 square feet of floor space.

Mr. A. M. Kinney, present president of the company was responsible for introducing the manufacture of coin meters which today make up a large portion of the company's production. Coin meters are essentially coin controlled time switches which are used for time payment plans on such appliances as refrigerators, radios and television sets. By 1935, International Register Company had contracts to supply coin meters to most of the larger appliance manufacturers of the U. S.

As a further means of diversification, the company has developed a complete line of electric range timers which have won wide acceptance by most of the major electric range manufacturers of the country.

Mayor Paul Weber, of Spring Grove and the village trustees feel that this large industrial development will be a welcome addition to the economy of the area. They are looking forward to a continued industrial and commercial growth which will be reflected in the increasing prosperity of the surrounding communities.

Jail Youth Caught with Liquor in Car

The oldest member of a teen-age group that was arrested by Antioch police Saturday night is still in county jail.

Bond of \$250 has been set for Robert Mitchell, 18, of Melrose Park, but he has not raised it. He will go before Justice of the Peace Carlton Smith in Waukegan next Tuesday at 2 p.m.

Mitchell and three other boys ranging in age from 14 to 16 were halted by police when the path of their car aroused suspicion.

An unopened pint of whisky and 20 empty bottles of beer were found in the auto.

Sheriff's police were called in to take Mitchell to jail and the three others to Lake County Youth Home. Mitchell has been charged with possession of alcoholic beverages in a car.

Senior Center Plans Rolling

The Antioch Senior Center received its official name Monday at the village hall in a meeting attended by village officials and civic club officers.

Membership in the new organization will require maturity of 60 years or more. Its program is expected to open sometime in November.

Another meeting scheduled by the sponsors of the organization, the Antioch Woman's Club is tentatively arranged for next Wednesday night.

The Woman's Club hopes to finance the Senior Center through voluntary contributions. The Scout House has been considered as a possible location for meetings of the Senior Center.

Band and Choir Tours Approved By H. S. Board

The Antioch Township High School Board approved plans for a spring tour to be made by the high school band and choral groups last Wednesday evening.

The trip will be made March 17-20, and the tentative destination will be either Louisville or St. Louis. They will play a number of engagements during the trip.

Expenses will be covered by the Antioch Township High School Music Assn. and the students themselves.

The Music Assn. hopes to raise funds for the tour through a series of concerts. The group has already held one concert this year.

The school board also accepted a report from a citizens advisory council in regard to the provisions required for predicted increased enrollment.

The school board is holding a special meeting Wednesday evening of this week.

Museum Changes Hours

Coincident with Chicago's switch from daylight saving to standard time next week-end, the Museum of Science and Industry, 57th Street and the Lake Front, will resume its regular winter schedule of hours.

It will be open from 9:30 a.m. to 4 p.m. on Mondays to Fridays inclusive, and from 9:30 to 6 p.m. on Saturdays, Sundays and holidays. This schedule will prevail until the return to daylight saving time next Spring.

Admission to the Museum is free at all times; as is the use of its extensive parking facilities. The only day in the year when the Museum is closed is Christmas Day.

The trouble with knowing your job so well that you can do it in your sleep is that you can start doing it that way.—Changing Times.

First Reports On Scout Fund Drive Optimistic

Business contributions for the Boy Scout fund drive have not been completed, but "it is coming along very well" according to chairman of the businessmen's solicitation committee, Ned Hawkinson.

The sum collected is uncertain, but Hawkinson estimated that approximately \$250 has been received. The business drive is 75 per cent complete at this time.

A goal of \$2,000 has been set for the general fund drive. The major part of the amount has usually come from individual families.

The funds will be distributed to scout troops in this area by the North Shore Boy Scout Council.

"It costs society \$3,000 to keep a boy one year in the reform school at St. Charles, Ill., and approximately \$11 for a boy scout's expenses," Hawkinson commented. "It seems to be a good bargain."

Following the conclusion of the business fund drive, solicitation of residential areas will be undertaken under the direction of William Brook.

Volunteer workers will canvas the village and outlying areas. An organizational meeting of the residential solicitation committee is being held Thursday night.

Specific plans for the canvas will be outlined at that time.

Businessmen Urged to Meet Opportunities, Improve Selling

Protect Kids From Traffic At Halloween

The Halloween season always means a time for special vigilance, and the Chicago Motor Club advises both parents and motorists to take extra precautions to protect children during this festive period.

"Trick or Treat" antics will begin well in advance of Oct. 31, and in the excitement, children may forget their safety rules and dart across streets from between parked cars.

The masks and costumes which are so much a part of Halloween often obstruct a child's vision, this adds to the need for extra alertness by motorists.

Matthew C. Sielski, director of the Club's safety and traffic engineering department, advises parents to make sure that their children's costumes do not limit their vision. He also suggests having school and community costume parties to keep children off the streets at Halloween.

Sielski lists five safety tips which parents should seek to enforce during the Halloween season:

- Make sure that your child's costume contains something white.
- Tell your child always to walk on the left side of roadways in rural areas.
- Impress on them the danger of making quick moves into streets.
- Caution them to cross only at lighted intersections.
- See to it that their masks do not restrict their vision.

Fifth in Phone Co. Science Shows On TV Tonight

"Gateways to the Mind," newest program in the award-winning Bell Telephone System Science Series, will be presented to a nationwide TV audience tonight, according to R. N. Hawkinson, Antioch manager for Illinois Bell. It is the fifth shown in the series.

The premiere telecast will be seen in this area on WNBQ, channel 5, at 7 p.m.

"This new hour-long science program shows what today's scientists have found out about the human senses. . . the 'information receivers' that keep our minds in contact with the outside world," Hawkinson said.

"For instance, when Aristotle counted the human senses, some 22 centuries ago, he decided that five senses—sight, smell, touch, taste and hearing—were all that man possessed. Today, we know that normal humans have at least 14 separate senses."

"Humorous cartoon sequences and actual circus scenes featuring acrobats, clowns, trapeze performers, and a knife thrower help demonstrate some of the senses in operation," Hawkinson said. He pointed out that the Science Series is produced primarily to interest youngsters in seeking scientific careers.

Color films of all programs in the Science Series, including the new "Gateways" production, are available without charge to interested groups.

Sales Expert Visits Local Stores, Tells Why Sales Failed

To know if a picture is straight when you hang it, you have to call upon someone to sight it out for you.

To know if you are handling your business right it sometimes helps if an outsider comes in and sights it out.

Antioch's Chamber of Commerce called in an outsider Monday and he found that if a person has \$40 to spend, he can only give out \$1.80 here because of backward salesmanship.

The outsider was C. E. Alexander, sales manager of the Illinois Farm Supply Co., Chicago, who reported his own buying trip to Antioch to members of the Chamber at their Fall meeting Monday night.

Monday afternoon Alexander took two \$20 bills and tried to buy items from hardware stores, drug stores, and clothing stores. Although his old clothing did not give a true picture of his wealth, he did give salesmen plenty of leads that he did want to buy and had a need to buy. Most stores rang up a "no sale."

"We're in a world of change," he said. "Dad made a living selling in the old way but you've got to change along with the times. What you did today is not good enough for tomorrow," he challenged.

Businessmen have been studying the ways of consumer buying for years and have found that products are not bought for themselves but for what they will do for a person. That's what you must sell, he said.

There are two types of buyers, Alexander said. There's the person who has money earmarked for a certain product and there's the person who doesn't recognize that they need an item. The latter are in the majority and they are the ones who need a salesman's help most, he said.

"Selling is a proud profession. . . It's a job where we help people make decisions. People want to be sold and we have an opportunity to give them a hand," he said.

Then he outlined to his listeners a plan to take advantage of all opportunities to sell including being open when people want to buy.

"Opportunity is not automatic but exists for him who is ready to meet it."

Alexander listed many of the changes in our age which will stand out as opportunities for selling here in Antioch. He included the Bong Air Force Bases which will employ 35,000, the jet age and the St. Lawrence Seaway project which is expected to bring many thousands to this area.

He asked what local retailers would do if suddenly a big shopping center with giant promotions and plenty of parking space should move into the Antioch area? Would they still sell as they do now or would they meet this new competition? Then he put out a solution to this problem by citing the modern stores here, the abundant parking and the wide selection of merchandise at competitive prices. "You've got it now, why wait to capitalize on your opportunities," he said.

The Antioch News and the Lakes Theatre invite Arthur Herron, Rte. 2, Box 319C, Salem, Wis., and one to attend Sunday, Monday, or Tuesday's showing of "Me and the Colonel," at the Lakes Theatre.

C. of C. Speaker Predicts Warfare On a Small Scale

"There won't be any big wars soon but there will be many small brush fires," Chamber of Commerce members were told Monday night at their first fall meeting.

The speaker was C. E. Alexander, a Chicago retail sales expert who said that Russia hopes to drive us to an economic collapse and thus avert a shooting war.

"Marx said that capitalism would decline through lack of aggressiveness on the part of the people and we would have an economic chaos. Russia hopes to push us and make us move faster economically," he said.

But the United States has the highest standard of living, the highest economic position in the world because of the makeup of the people. "We have desires to move ahead, to have things we don't have," he said.

He contrasted Americans to Europeans saying that the European hopes someday to have things while the American wants twice as much and wants it now.

Alexander indicated that the fate of our nation rests on our salesmen. "People buy wants, not needs. If we wait to sell people on things they need, our economy would be as dead as the Asians."

The country has the ability to produce, now it needs the salesmen to sell what is produced.

CD Director At Dedication

John L. Horan, Civil Defense Director for Antioch was in attendance at the dedication ceremony last Sunday at Wheaton, Illinois of the first underground bomb shelter as required under federal specifications to withstand an H-bomb blast.

Village, County and State officials were on hand for the program and heard the address by Senator Everett M. Dickson in connection with the dedication service.

Lake County will be the scene for another tornado alert on next Sunday when the path of the catastrophe will hit in the area of Mundelein and at the same time a general alarm will be sent out for assistance to other villages for aid in helping the injury and fighting fires.

VFW Halloween Dance is Saturday

Spooks will be tripping the proverbial "light fantastic" this Saturday evening when the Lake Villa V.F.W. holds its Halloween dance in the Post home.

The music will be provided by Mel Spooner's orchestra.

A police equipment fund raising drive will be climaxed during the dance by special permission of the V.F.W. officers.

The affair is scheduled to begin at 9 p. m.

Speeder Fined

Gilbert M. Turner of Antioch was fined \$10 and \$4 in costs for speeding by Lake Villa police magistrate R. E. Vander Pyl Tuesday.

Turner was charged with the infraction after Lake Villa police stopped him Sunday afternoon on Rte. 21 at the northern boundary of the village. He was allegedly travelling 46 m.p.h. in a 35 m.p.h. zone.

Petite Lake News

Correspondents:

Mrs. Earl Beese—Tel. 532-W-1
Mrs. Walter Johnson—Tel. 532-M-1

A baby shower was fun for all who attended at the home of Mrs. Betty Muller, Petite Lake, on Oct. 15. It was in honor of Mrs. Betty Ernsting, also of Petite Lake, who expects a new addition soon. She was really surprised, too, because everyone had convinced her that she was going to a card party. There were twelve women present, and a lovely meal was served. A cake created in the shape of two booties was made by Mrs. Alice Johnson, and a little bassinet on the table was filled with doll sized baby things with an accompanying letter for Betty to read as she opened each one. All in all a very clever party.

You never know where or when you will meet old friends. Take the experience of Mrs. Lil Lomma, new resident of Petite Lake, and Mrs. Evelyn Zale of Indian Point. They happened to be room mothers together for the PTA, and while talking on the phone discovered that they both came from the same neighborhood in Chicago years ago. On further investigation it developed that they played together as children and were friends for years. They hadn't seen or heard of each other for 17 years, so they both got pretty excited about the whole thing much to the amazement of their respective children who now attend school together. It's a small world.

Recently the Walter Johnsons of Petite Lake attended a dinner dance at the Rolling Greens Country Club given by a group of builders. Alice reports that it was a fine affair, but that when she sent Walt to the cloak room to get her wrap, preparatory to going home, he accidentally grabbed the wrong one in the dim light, and when she arrived home it was discovered that she had someone's brand new Real Mink stole. The strangest thing of all was that the initials inside were the very same. Too bad, alas and alack, it had to be returned the next day.

There will be a coffee hour at the home of Rep. and Mrs. William Murphy, Petite Lake, on Monday morning, Oct. 27 for the purpose of giving voters of Precinct Four a chance to meet the four candidates who are running for the November election. The people of Precinct four are invited to come. The time is 10 o'clock sharp.

There has been a change in the name of the street called Main St., which intersects Grass Lake Road at Geib's Service Station. The people of the area have renamed it Ackerman Road in memory of Chas. Ackerman who did so much to improve that section, by constructing the road and digging the channels in that area.

The sixth, seventh, and eighth grades of the Grass Lake School had a roller skating party at the Rollin Wheels Rink at Twin Lakes on Oct. 16. Three who celebrated their birthdays at the rink were Pat Ferrier, Kathy Kanka, and Randi Jacobsen. A large sheet cake was served to all the skaters. Parents who attended and a teacher were, Mrs. Cecil Smith, seventh and eighth grade teacher, Mr. and Mrs. Joseph Kanka, Mrs. Betty Coons, Mrs. Belle Hribar, Mrs. Bauer, Mr. and Mrs. Roy Frasier, Mrs. Esther Jacobsen, Mr. and Mrs. James Ferrier, Mrs. Vi Shunneson. Approximately sixty-three attended and a good time was had by all.

Best Idea I've had since I bought my house through the Antioch News Classified ads.

Regular services at Millburn Congregational Church Oct. 26, Sunday School and church services at 10 a. m. Central Standard Time.

Members of the Pilgrim Fellowship were hosts to the Mundein Pilgrim Fellowship at a Halloween party Sunday evening at Millburn church. About 35 were in attendance.

The Devotional Study Group will meet this (Thursday) morning, Oct. 23, at 9 a. m. at the home of Mrs. Charles Lucas.

Mr. and Mrs. L. S. Bonner, Mrs. Lyman Bonner and daughters were week-end visitors at the Wisconsin Dells.

Mr. and Mrs. Harold Yukel of Oak Lawn spent Monday at the Charles Lucas home.

The annual roast chicken dinner and bazaar will be held Friday, Nov. 7. The dinner will be held at the Millburn church, starting at 5 p. m., until all are served.

Baked good, candy, novelties, pillow cases, fancy work, aprons, towels, holders and grab bag articles will all be sold in Masonic hall, starting at 2 p. m.

Mrs. Lyman Bonner and daughter, Kathy, called on Mrs. Charles Connolly of Highland Park, Friday afternoon.

Mr. and Mrs. Richard Waldron of Round Lake were callers at the Herbert Graham home Monday morning.

Mr. and Mrs. Roy Erickson and children vacated the George Butler house and moved to the Lake County Garden in Waukegan, Saturday.

Mr. and Mrs. Oscar Neahous returned home Friday after spending two weeks at the home of their daughter, Mr. and Mrs. Tom Cosgrove, at Elmhurst.

Mr. and Mrs. John Edward and family of Libertyville spent Saturday evening at the home of Mrs. Frank Edwards.

Mr. and Mrs. Roy Stiles of Bancroft, Ill., visited the home of Mr. and Mrs. L. S. Bonner, Thursday afternoon.

Mr. and Mrs. Clayton Engh and daughters of Wadsworth and Mr. and Mrs. James Bonner and children of Kansasville, Wis., were callers at the home of their mother, Mrs. Harley Clark.

Mrs. Eva Alling of Waukegan was a caller at the home of Mrs. Frank Edwards Sunday afternoon.

Philip McDonald and sons of Rockford spent Saturday with his father, A. B. McDonald.

Judy Paulsen and Barbara Zicker of Evanston Hospital were supper guests at the home of Mr. and Mrs. William Paulsen Sunday evening.

Mr. and Mrs. Bernard Prange and daughter of Lake Forest spent Sunday afternoon at the Herbert Prange home. In the evening the Pranges visited the Morris Pickus family in Antioch.

The search for Eugene Prange who has been lost in the Mission Range, Montana, will be resumed in the spring when the snow leaves. The search was abandoned two weeks ago, as the snow was too deep.

Trevor News

(Mrs. Grace Miller, Correspondent)
Tel. Underhill 2-3059

Mr. and Mrs. Frank Andree from Riverside, Calif., visited at the Alvin Moran home on Tuesday evening.

Mrs. Andree was the former Miss Katherine Schreck. Mr. and Mrs. Frank Moran, daughter, Marilyn, Mr. and Mrs. Alvin Pagel, Fred and Penny, and Mrs. Mabel Rompesky were also Tuesday evening guests. On Wednesday the same group were guests at the Alvin Pagel home.

Mrs. Hattie Curtiss, Ringwood, Ill., spent a few days with her relatives and called on friends.

Several from here helped Mr. and Mrs. Gus Lukkeman celebrate their 60th wedding anniversary on Sunday.

Dr. and Mrs. Liesener, Chicago, were week-end guests and Mr. and Mrs. Stanley Runyard, Waukegan,

were Sunday guests at the Nel Runyard home.

Mr. and Mrs. Lloyd Miller and son, Bryan, visited her mother Mrs. Mabel Peacy, at Waukegan on Saturday.

Minnie Christensen from Milwaukee spent the week-end with Mrs. Mabel Rompesky, who has been on the sick list.

Mrs. George Vincent, Miss Mary Sheen and Mrs. Grace Miller were Libertyville shoppers on Monday.

Eda, Emma and Edward Valswedel of Brownstown, Wis., were Sunday visitors with Mrs. Annie Smith and Mr. and Mrs. Charles Oetting and they were all dinner guests at the Fritz Oetting home in Wilmet.

Mr. and Mrs. Fred King of Evanston spent Tuesday at the Nel Runyard home.

Mrs. Andrew Tuft and son, Edward, with Mrs. Bertha Oetting accompanied Miss Mary Sheen and Mrs. Grace Miller to Chicago on Friday to visit Mrs. Elsie Miller who is convalescing from a major operation.

Mrs. George Wilen and Mrs. Grace Miller visited at East Troy and Lake Beulah on Thursday afternoon.

Mrs. Jessie Runyard, Mrs. Elizabeth Eaton and Mrs. Nel Runyard visited at Deep Lake on Wednesday.

Mrs. Annie Smith, Mrs. Schwegler and Mrs. Bertha Oetting accompanied Mrs. Edith Elms of Channel Lake to Kenosha on Tuesday.

Charcoal, Skunk Juice Routs The Rattlesnakes

LOS ANGELES—Bits of charcoal soaked in "synthetic skunk juice" may be just the thing to keep rattlesnakes away from your campsite or dwelling, according to a snake expert at UCLA.

Dr. Raymond B. Cowles has conducted laboratory experiments that indicate a chemical known as mercaptan, which has an odor almost identical to that of a skunk, frightens rattlesnakes.

The studies suggest that bits of charcoal soaked in mercaptan solution and scattered around a campsite or a dwelling in snake infested areas would have a strong enough odor to keep rattlers away but not enough to be unpleasant to humans. Field tests are planned to further evaluate the "rattler repellent's" effectiveness.

Insurance Ownership To Set New Records

NEW YORK—The gain in total life insurance owned by American families in the first half of the year will probably be the largest on record for any comparable period. It is estimated that the total in force will be in excess of \$480,000,000.

Such an attainment would carry life insurance ownership per family through the life insurance companies to more than \$9,000—three times that of only 15 years ago. Eliminating those not owning any life insurance, the average per insured family would probably be in excess of \$11,000. And this is on the basis of a record number of policyholders.

Contributing to the large volume this year is the greater average size of ordinary insurance policy.

Few Vitamins

BATON ROUGE, La.—Coty B. Duckworth insisted the paper bag he was carrying contained nothing more than his lunch.

Police, just to be sure, took a look and found a radio and an electric razor said to have been stolen from a nearby bar the night before.

One of the earliest blind teachers of note in history was Didymus of Alexandria, Egypt, according to the American Foundation for the Blind. He lived from 308 to 395 A. D. and taught sighted and blind students grammar, arithmetic, music, logic, rhetoric, geometry and astronomy.

Barnes TV won 2 games from 4 Aces.

First National Bank won 2 games from Wilson's Laundromat.

Jacnot Farms won 2 games from Vana Beverages.

Antioch Student a Tenor

In Carthage Oratorio Choir

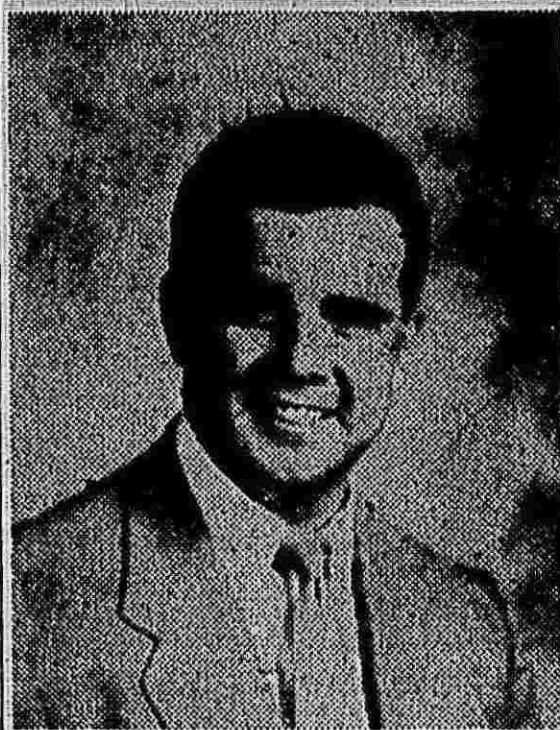

Carthage, Ill.—Dennis Beattie has been named a member of the tenor section of the Carthage College Oratorio Choir, which will present "St. Paul," by Felix Mendelssohn, on Sunday evening, Nov. 9, in the college auditorium.

This unique choir, which presents a program open to the public each year, is made up of both Carthage college students and the public from Carthage and the vicinity. About 200 voices are joined to present the outstanding program.

Rehearsals, held weekly in the auditorium, started about the middle of September, with Dr. Harvey Maier, head of the college music department, directing the presentation.

Beattie, a freshman at Carthage, is the son of Mr. and Mrs. Warren Beattie, Tiffany Road, Antioch.

Dentist Opens New Office Here

Dr. Edward Warner

A new dentist has opened offices in Antioch at 986 So. Main St. He is Edward C. Warner who comes here from Waukegan.

Dr. Warner is married to the former Marguerite Forester whose parents are Mr. and Mrs. Irving Forester of Antioch. The Warners are parents of a two-year-old son, Tommy.

Dr. Warner's office is in the medical building of Dr. Edward Abderhalden. Dr. Warner is a graduate of Loyola University and of the Chicago College of Dental Surgery of Loyola University.

New Scouts Go On First Campout

Boy Scout Troop 92 left Antioch Friday night for Green Bay, Wis. for a camp out. At 6 p.m. Saturday evening all returned to camp area for supper.

After the meal was over and camp clean and neat, the new scouts who had never been initiated into the troop were lead into the woods for the ceremony.

Those present were: Jim Horton, Scout Master, Eddy Jahneke, Jim Edwards, Bob Lang, Mike Ganger, Hugo Holbek, Chester Mazur, Clem Haley, Chris Morrison, Gregory Litsek, Pat Mongan, Chuck Groeninger, Art Becker, Senior Advisor, and Bill Slater, Skip Ganger, Steve Aschenbrenner, Senior Scouts.

The Scouts of Troop 92 will be around after 9:30 A. M. Saturday morning for paper pickup. Please have it tied and on curb. If pickup is missed, call 641-J or 856-M.

Japanese Culture . . .

(continued from page 1)

to the program.
El Rancho Pasadena is located one mile north of Antioch on Rte. 83. The dinner will begin at 7:15 p.m. J. W. Kopriva will be in charge of the music for the dancing which follows the program.

Ed Kugel is chairman of the night in honor of Lion's Club members' wives.

The second annual swimming pool benefit dance will be held Nov. 15.

The library of the American Foundation for the Blind, New York, has more than 20,000 books, pamphlets and manuscripts dealing exclusively with the subject of blindness for the use of students, writers and others interested in the subject.

DEATH NOTICES

Marie Eckland

Mrs. Marie Eckland, 84, of Franklin avenue, Ingleside, died Sunday evening in Lake County General hospital.

Services will be held at 2 p. m. Thursday at the Justen-Hamsher Funeral Home, 12 N. Pistakee Rd., Fox Lake.

Burial will be in Ridgewood Cemetery, Des Plaines.

Mrs. Eckland was born Aug. 20, 1873 in Sweden, but lived in Chicago before moving to Ingleside 12 years ago.

She was a member of the Long Lake Trinity Evangelical Lutheran Church.

Her surviving relatives include Svante, her husband; a son, Edward of Chicago; a granddaughter; two sisters, Mrs. Ida Swan of Highland Park and Mrs. Anna Stenson of Mount Prospect, Ill.

Vernon Townsend

Vernon Townsend died last Sunday while attending services in the church he helped to found.

The 61-year-old Lake Villa man who resided in Venetian Village had been an avid worker in the construction of the Full Gospel Mission at Zion and as a solicitor of funds for the church.

He was stricken there about noon. Services will be held at 2 p. m. Thursday in the Full Gospel Mission Church. The Rev. Gordon Sproule will officiate.

Burial will be in Pine View Cemetery, Benton Township.

Funeral arrangements have been made by the Congdon Funeral Home, Zion.

Mr. Townsend was born in Winchester, Ky., on July 13, 1897 and came to Lake Villa only a year ago.

As a retired carpenter he was able to devote his time and skill to the church project.

Survivors include his wife, Ma-

hala; three daughters, Mrs. Izetta Brown, of Fort Orchard, Wash.; Mrs. Maxine Brown of Venetian Village, and Mrs. Gay Brown of Zion; three sons, Harry and Gerald, both of Winthrop Harbor, and William of Zion; two brothers, Earl and Omar, both of Winthrop Harbor; four sisters, Mrs. Nettie Whitt of Winthrop Harbor, Mrs. Gladys Powers of Flint, Mich., Mrs. Eunice Wickersheim of Waukegan, and Mrs. Eldena Combs of Elton, Wis.; 14 grandchildren.

William Bogniewski

William Bogniewski, of Chicago, passed away there Saturday, Oct. 25, after a five year illness.

Mr. and Mrs. Bogniewski have had a summer home at Indian Point, Antioch for the past 12 years.

Bowling

Antioch Major League
Friday, Oct. 17

Joe & Helen's Resort had high team series, with games of 988-913-947-2848.

George Smith was high individual scorer, bowling 165-278-102-425. Ken Blumenschein bowled 176-184-245-607.

Neal Carney bowled 166-212-227-605.

Johnson's Deep Lake Resort won two games from Antioch Lumber and Coal Co.

Volo Bait Shop took two games from Garwood Laundry & Cleaners. Tiede Insurance won two games from Ken Blumenschein Excavating. Marty's Club Villa took all three games from Rausch Bros.

Salem Country Club won all three games from Miller Insurance.

Joe & Helen's Resort won all three games from Cermak's Real Estate and Insurance.

Wednesday Night Business
Men's League, Oct. 15

Pickard China had high team series, having games of 831-874-838 with a total of 2543.

Lahti Oil Co. had high team game of 879.

C. Shaw had high individual series of 184-214-191-589.

High individual game was bowled by B. Gutowski, of Lahti Oil-217.

Weber Duck Farm won two games from Gaston Printing Co.

Lahti Oil Co. won all three games from Ted's Radio & TV.

Pickard China won two games from George's Bar.

Lasco's won all three games from McHenry Redi-Mix.

Badger Auto-Salem, won two games from Decker's Tavern.

Ken's Willow Farm won all three from Bill's Service Station.

Standings	W	L
1-Lahti Oil Co.	16	4
2-Ken's Willow Farm	14	7
3-Gaston Printing	12	9
4-Lasco's	12	9
5-Bill's Service	11	10
6-Decker's Tavern	11	10
7-George's Bar	10	11
8-Pickard China	10	11
9-Ted's Radio & TV	9	12
10-Badger Auto	9	12
11-McHenry Redi Mix	8	13
12-Weber Duck Farm	4	17

Major Gutter Ball Girls

La Plant Masonry had high team series, with games of 674-694-771-2139 total.

Ladies' Honor Roll-Pat Lasco, 518; Arlene Holm, 513.

Antioch Laundrette took all three games from Bill's Service Station.

Wally's Channel Inn took two games from Taylor's Shoe Store.

Pedersen's Bakery won two games from John's River Inn.

La Plant Masonry won all three games from Meinersmann's Insurance.

Cox's Corner beat Laursen & Blackman.

State Bank of Antioch won two games from Fortmann's Fuel Oil.

Thursday Business Men
October 16

Wertz Well Drillers had high team series, with games of 832-906-917-2655 total.

A. Wertz was high individual scorer, bowling games of 188-192-224 for a total of 604.

Salem King Pins beat Dick's Tree Service all three games.

Wertz Well Drillers took two games from Jack's Town and Country.

Carey Electric took two games from Lake Villa Lumber Co.

Truax Trucking took two games from Murrie's Standard Service.

Merry-Go-Round Bakery won two games from Erich's Auto Repair.

King's Drug Store won two games from Raylenicks.

Bi-State Bowling League
Thursday, Oct. 16

Rudolph's Turkeys shot 2721 to take all three from Adolph's Channel Inn. George Rudolph sparked his team with a 564 series.

Lakes Tile Co. shot high team game of the evening, 1015, to take two from Haydon Homes.

Lakes Tile had lots of help from Tom Atwood, who had a 609-226 and his brother, Ray, had a 247 game. Ted Ozga shot 613-225 for Haydon Homes.

Carter's Taxidermy Studio won two from Masek's.

Vos Construction won two from Cunningham's.

Kirchmeyer Construction won two from Beauti-Vue Products.

Economy TV had a nice 2718 series to take two from J. Gaa and Son.

12-Cunningham Cart.	6	15

Sequoit Fumbles
Cost Ballgame
Against Bears

Ela-Vernon Wins
12-6 At Antioch

The Sequoits fumbled away a ball game last Saturday night on the home field. The final score was 12-6, but it doesn't begin to tell the story of lost opportunities.

Antioch dominated the final half of play, but could only push one score across. They lost another TD early in the third quarter on a fumble on the Bears' five yard line.

Ela-Vernon scored in the first period on a 30 yard end sweep and again in the second quarter on a 25 yard aerial.

The Sequoits started to march after the intermission and plowed their way 75 yards to the five, before losing the ball on a bobble.

In the final period, Don Pyles took matters in his own hands and went 60 yards straight up the middle. The Sequoit linemen, apparently fighting mad by this time, opened up a huge hole for him. He wasn't touched by a Bear defender.

But Antioch had fumbled eight times and lost the ball on the majority of the miscues. This was too much to overcome.

Coach Robert Walther praised the steady running of right halfback Dick Gudgeon as well as Pyles' more spectacular burst.

Walther said that his converted ends performed well on defense.

Warren Bounces
Back; Defeats
Wauconda 12-6

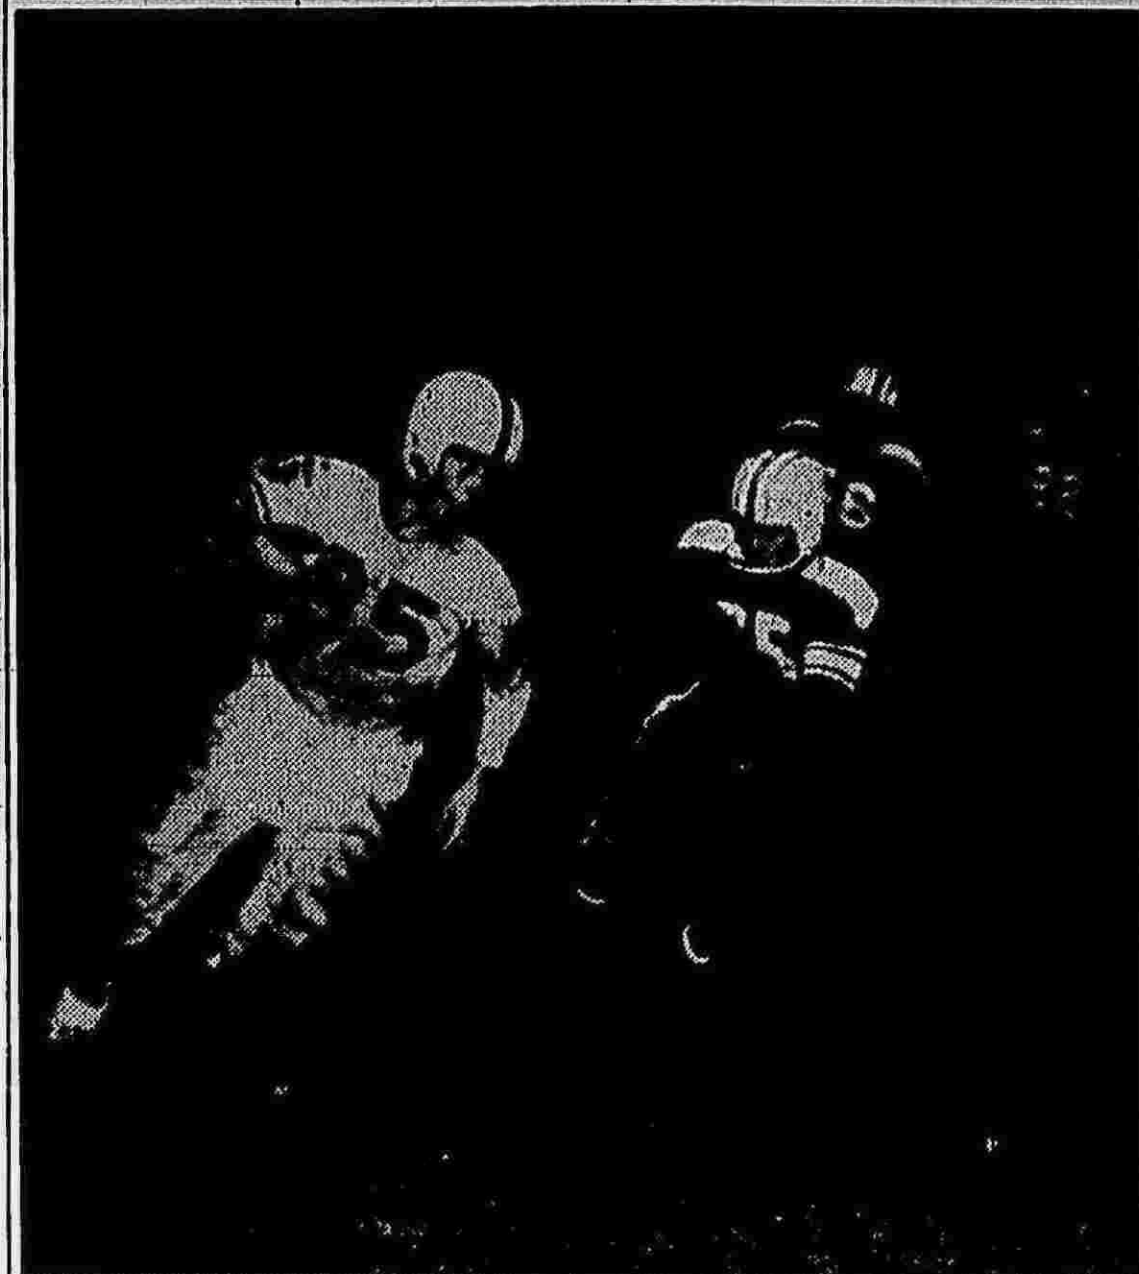

Warren's Blue Devils gained a tie for fourth place in the Northwest Suburban league race with Grant's Bulldogs as a result of their 12-6 victory at Wauconda's homecoming Saturday afternoon.

The running of Herb Messner was the key to the Blue Devil's second win in five league encounters.

The Bulldogs took a 6-0 lead in the first period on an 11 yard sprint by Phil Winteroth.

In the second period Warren began to roll. Messner and Jimmy Stevens gobbled up large chunks of yardage, and Jerry Mateja finally took it over from the one on a quarterback sneak.

Following the intermission, Warren began to push towards the winning marker. A 35 yard pass from Mateja to Mike Elsbury set up the winning sneak from the one by Mateja again.

Antioch Threatens Upset
At Lake Forest Saturday

DEFENSE GIVES CHASE after Don Pyle snags aerial from Dick Wolf. The play netted 27 yards in the third quarter march which ended with a fumble on the Ela five yard line.

Wilmot Succumbs to
Delavan-Darian 40-12

Wilmot briefly knotted the score at 6-6 in the early minutes of last Friday night's game at the Comets' field, but they soon fell insurmountably behind. The final score was 40-12.

Delavan fullback Fred Escher was the chief instrument of destruction employed by the highly ranked Southern Lakes Conference team.

The solid plunger couldn't seem

to be knocked off his feet by the struggling Wilmot defense.

Delavan scored four times in the first half to take a 27-6 lead.

After the Comets' first TD on the opening set of plays, the Panthers returned the compliment on a lightning like 31 yard pass play from Greg Bush to Garry Held and a 24 yard dash for the score, by Wally Partenheimer.

Wilmot scored again in the final quarter on a 60 yard march which ended with Larry Dombrow's 11 yard scamper.

The second score marked the first time that a Comet opponent had scored more than one touchdown this season. In fact, Delavan has only given up one TD all season before last week's contest.

Lake Geneva is Wilmot's Friday opponent. It is a second division squad—a welcome respite from the four top teams which Wilmot has faced in preceding weeks. This will be the Dad's Night game.

End Season
with League's
Best Teams

Antioch meets two top conference teams in the final weeks of the grid season, but Coach Robert Walther is holding high hopes for an upset against at least one of the squads.

The best bet is Saturday's opponent, the Scouts of Lake Forest, who took a sound beating at Grayslake last week after a brilliant early season record.

The Sequoit coach pointed out that the Scouts absorbed a similar beating this time last season and went on to lose two more games after that.

Reports indicate that the Scouts were looking very bad at Grayslake last week. "I expect a very close game against Lake Forest based on their poor showing and on the Sequoits' second half performance against the Ela-Vernon Bears last week," Walther commented.

The conversion of defensive tackles to ends has been pronounced successful by the Sequoit mentor, and he plans to maintain the plan in the coming week.

The Scouts have a strong passing team, experts agree, but their running has been overrated. They use a wing T with the advantage of single wing blocking.

Antioch also employs a wing T offense with a halfback in the slot.

Antioch will close out the season here on Nov. 1 against Grayslake, the team expected to be in the conference driver's seat at that time.

Revenge would be sweet if the Sequoits can knock off the Rams and possibly thwart their title bid.

The home team remembers the 65-0 pounding handed out in last year's frosh-soph match against the Rams. Virtually the same teams will be matched on a varsity level in the coming game. Walther reports that his team can't forget the Grayslake coach's decision to leave his first string in throughout last year's prep massacre.

Grayslake Nears
Title with 32-6
Win Over Scouts

The Grayslake Rams seem to have decided the Northwest Suburban League title fray with a more than decisive 32-6 win over Lake Forest's Scouts.

Three Scout fumbles and a pass interception attested to the value of the Ram's top defense. With the aid of these Lake Forest miscues the Rams were leading 26-0 at the intermission.

Jimmy Hebert scored two touchdowns during the contest.

A record homecoming crowd of 3,200 watched with glee as the Rams tore apart what had promised to be an even clash between two grid titans of the Lake County areas.

Grayslake now has undisputed possession of the league lead with six straight victories.

The Scouts have one loss and five victories.

Brookfield
Overwhelms
Salem 34-7

Defeat was sadly evident from the opening moments of the game when Salem Central encountered Brookfield last Friday afternoon.

A woeful aerial defense was the prime reason for the sound licking that the Falcons absorbed on the Brookfield field.

Salem's Rick Thomas finally hit paydirt in the third quarter after Brookfield had completed its scoring.

Thomas' eight yard drive climaxed the 43 yard dash by sophomore Andy Aguero.

The Paddock Lake team now has a four and three record. Slightly smaller league foes played on the Falcon's home field in the next two games brighten the outlook for a successful season.

Rochester's Racine Aggies will be at Paddock Lake Friday night. Union Grove is the Oct. 31 opponent.

Duck Hunting Season Opens
With Day Of Fine Shooting

"It was one of the nicest shoots in many years," was an expert's comment on opening day of the duck hunting season last Saturday.

An estimated 2,000 mudhens were killed as many hunters bagged their limits.

Fog in the Grass Lake area hampered hunters somewhat, and caused some minor shot gun pellet injuries.

There were more than 1,000 hunters on Grass Lake Saturday. The few blinds that were taken by private parties were quickly filled by other hunters after the shooting began.

The rest of the hunters took to boats.

Sportsmen are now waiting for a new flock of birds. Many of the first group are still on the lake, but the continual shooting has made them wary.

A strong wind and low clouds predicted for the weekend might bring them from cover.

Grant Licks Round
Lake 13-7 Before
Homecoming Fans

Things are looking up for Grant's Bulldogs who have won two straight conference games after losing three in previous weeks.

They defeated Round Lake 13-7 in a hard fought thriller Saturday before a large homecoming crowd at Ingleside.

Neither team could muster an of-

fensive during the first period. But in the second stanza, Paul Lewis' Bulldogs moved 48 yards down the field chopping out steady hunks of yardage.

Big Paul Smith finally bolted over from the one.

The extra point try failed, and Grant had a precarious 6-0 lead.

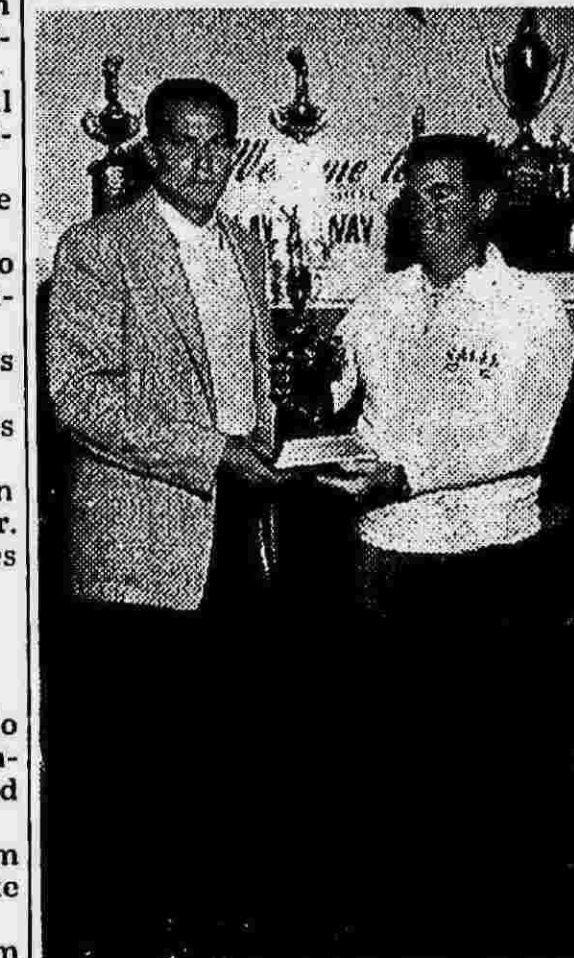

The Bulldogs scored what eventually turned out to be the winning tally early in the fourth quarter. Quarterback Kenny Mock faked and spun around end for 29 yards to the goal line. The conversion by Tommy Lewis made the score 13-0.

In the final minutes, Round Lake finally opened up. Jim Wulffen pitched to Bud Bendull for the final 13 yards.

Both Mock and Smith were singled out for their outstanding backfield play.

Grant held a 10-7 edge in first downs and a 159-148 lead in yards gained from scrimmage.

Due to the earlier publication schedule now in effect at the Antioch News, the deadline for sports news, including bowling league reports, is 5 p. m. Monday preceding the date of publication.

TROPHY PRESENTATION to Charles Miller of Antioch is made by Salem Country Club golf pro Jim Tully after Miller won the season's handicap championship. The Bauer Trophy will be annually awarded to the handicap champion.

Women's Thursday Afternoon
League, October 16

Fred Maier Service had high team series, with games of 594-569-481-1644 total.

Mona Schwartz had high individual series, bowling 152-161-138-451 total.

Kelly's Tavern beat Kharmichael Vending all three games.

Ben Franklin won two games from Leo Johnson's 4th Lake Resort.

Mann's Certified won two games from Ted's Radio and TV Repair.

Fred Maier Service won two from the Advertiser.

"The Pinspotters"
Friday, Oct. 17

Wilson Upholstering and Reeves Drug store tied for high team series, with a total of 2129.

"Curly" Wertz was high individual scorer, bowling 155-192-174-521 total. Second high was Marge Anderson, with games of 158-177-178 and a total of 513.

Les La Meer Construction won two games from Jefferson Ice.

Ray's Shell Station won all three games from Garwood Cleaners.

Economy TV won two games from Marty's Club Villa.

Barnstable & Brogan and Antioch

IGA Foodliner divided 1½ games each.

Grass Lake Lumber won two games from Reeves Drug Store.

Bussie's Lounge and Wilson Upholstering divided evenly, 1½ each.

Moose Mixed League Sun., Oct. 12

Moose Hoofs had high team series with games of 767-727-704-2198.

Odd Moose had high team game with 774.

Individual high series was Bernie Puig with 204-163-195-562.

Individual high game was Rick Eckert with 221.

High series for the women was

Helen Mount with 174-134-165-473.

High game, Irene Noble and Petie Tanner with 181.

Moose Hoofs beat Mitey Mites 3

games.

Odd Moose beat Ten Pins 3 games.

Moose Ends beat Rusty Four 2

games.

Antlers beat Moose Tales 2 games.

Big Moose beat Blue Moose 2

games.

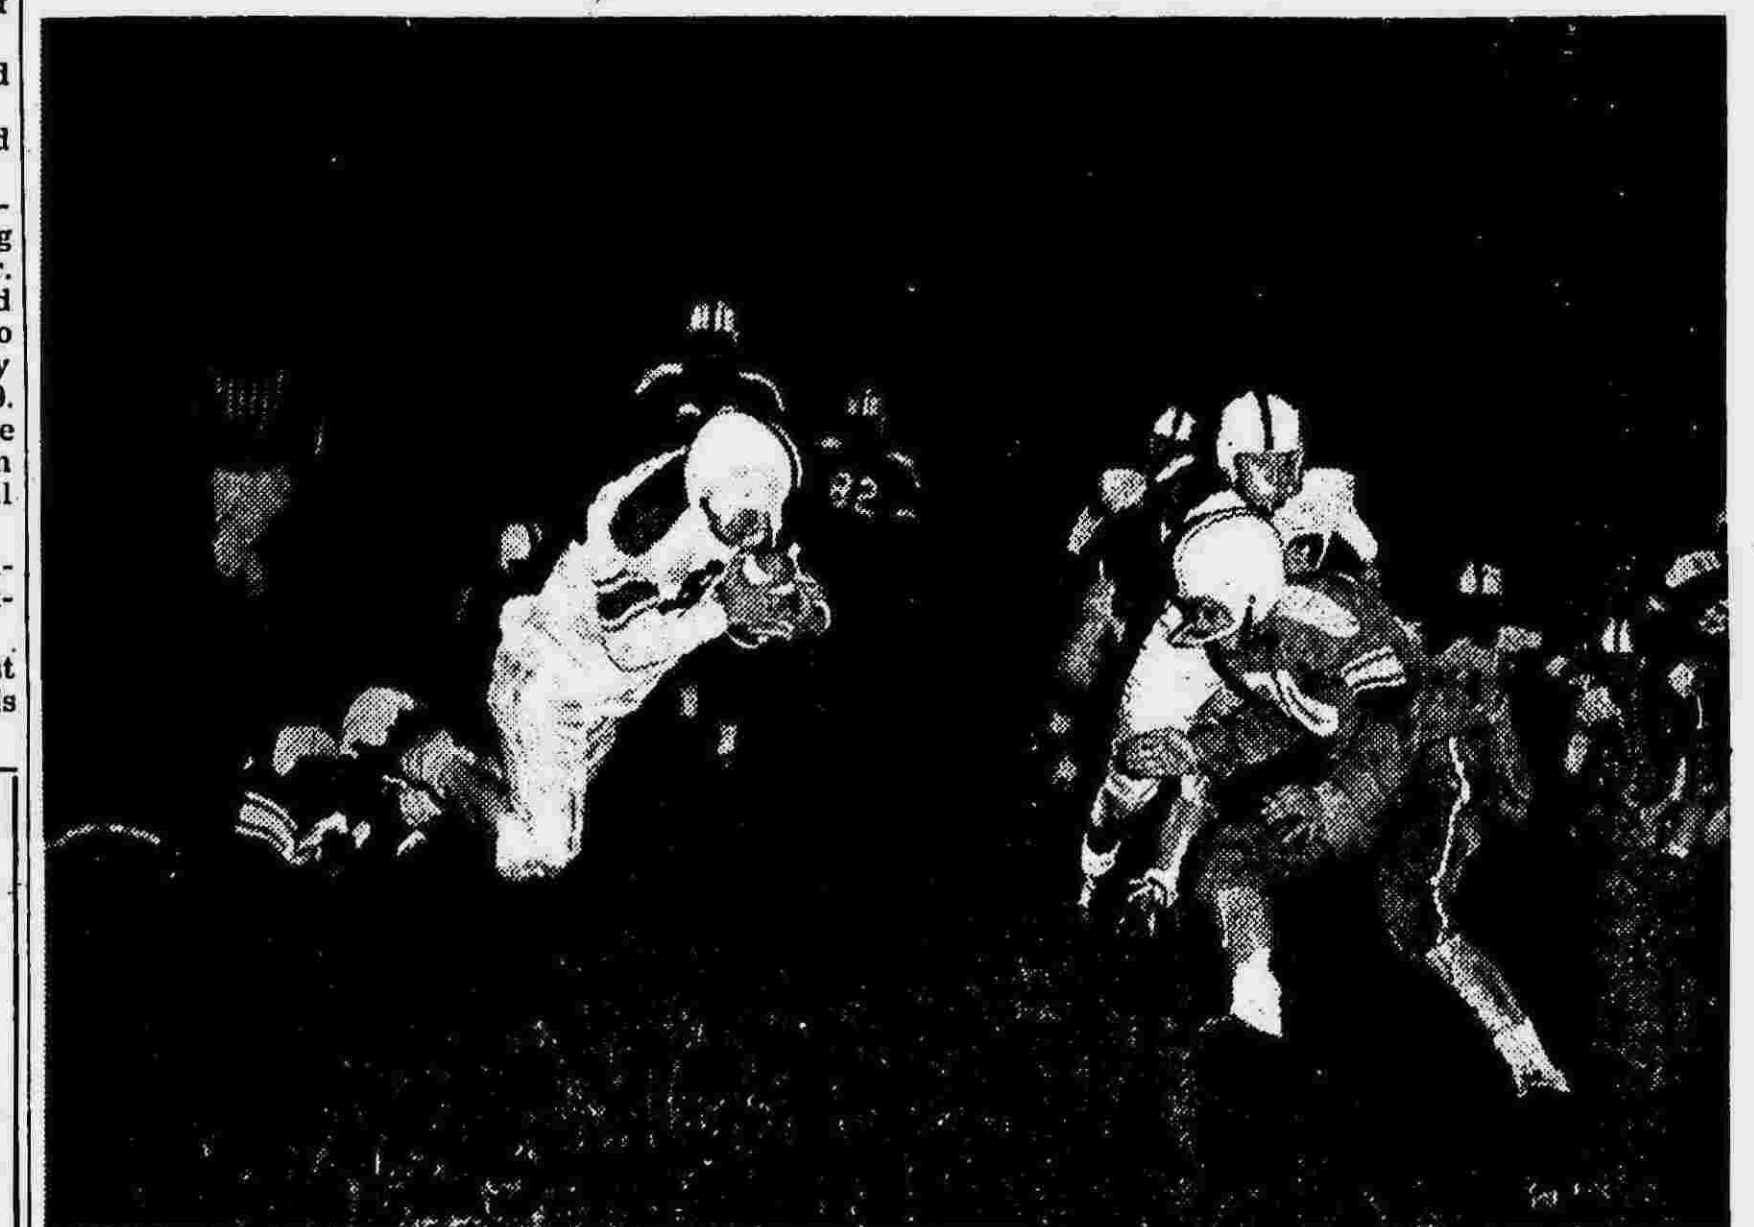

Moose Tops beat Gutter Dusters

2 games.

NIU STUDENTS CHOOSE
TEACHING MAJOR

Most of the students at Northern Illinois University in DeKalb choose elementary education as their major field. A business major is second in popularity and social science is third.

About the same number of persons were killed in auto accidents in 1957 as 21 years previously, according to the National Safety Council. However, the mileage death rate (number of deaths per 100 million vehicle miles) dropped from 15.1 to 5.9 in 1957.

ELA TACKLER MOVES in to put the stop on Jack Thompson after a three yard gain early in the game. Lance Lindstrom is the Ela defender. The other Sequoit in the picture bypasses Lindstrom for a downfield block.

Cheaper to Pass Bond Issue Now - Courthouse Commit'te

This is a publicity release issued by the Lake County Citizens' Committee for a New Courthouse.

The Antioch News publishes it because of its potential interest to many readers. The publication of such releases does not constitute endorsement of the views which may be implied in the text.

"A new courthouse structure will be built—we just want to do it the cheapest way possible."

That's how Bradford E. West explained the proposed \$2,550,000 courthouse bond issue, which Lake County voters will decide Nov. 4.

West, a Waukegan insurance man who heads the Lake County Citizens' Committee for a New House, said that passage of the bond issue will mean the new edifice will be constructed cheaper than if it has to be done on a piecemeal basis.

It will be built, one way or the other, however," he emphasized.

The County Board of Supervisors approved putting the bond issue on the ballot because there is need for "additional rooms, offices, storage vaults, facilities for the use of courts of record and county offices."

At the same time—and West emphasized this point—The County Board also passed a resolution to provide for not having the levy extended to the tax bills.

The county's supervisors, West said, have gone on record—unanimously—that the idea is to have the levy abated each year for the 10-year life of the bond issue.

If the people of Lake County pass the bond issue, the committee chairman said, the new building will be constructed pretty much all at once.

If they fail to approve the bond issue, the County Board will go ahead and build it anyhow. "It'll just take longer—and cost more money in the long run."

The reason, he said, is that the supervisors are committed to do something about "the atrocious conditions, the jammed hallways, the bad working conditions, in the courthouse today."

He pointed out that the Lake County Bar Association board of governors—the group which heads the county's lawyers—have voted unanimously in favor of the bond issue.

"And lawyers," he said, "are a pretty sharp group of people—they don't waste money, but they spend what is needed."

"Never was anything needed more in Lake County than a new courthouse facilities," he said.

BURPING WELL THE EARTHLY TYPE

A 'burping' oil well with too much gas in its innards can kill men, damage equipment, and waste valuable petroleum. Gas pressure is just one of the problems to contend with in the tricky and costly job of finding new oil reserves. To keep high gas pressures encountered in deep drilling under control, drillers use specially compounded, heavy muds made of clay and barite additives. Because it must be tailor-made according to the peculiarities of each well, mud may range in price from a few cents a barrel to more than five dollars. Mud costs for a single well have run as high as \$100,000.

The Constitution of the Republic of India came into force on January 26, 1950. Under it, India became a sovereign republic while voluntarily retaining her membership in the British Commonwealth of Nations.

Lake Villa

Mrs. Fred Bartlett, Correspondent

Door of Tomorrow

An unusual new folding door that controls light and air by a system of adjustable vertical louvers is the latest idea for the home. It can also be used as a highly decorative room divider or partition.

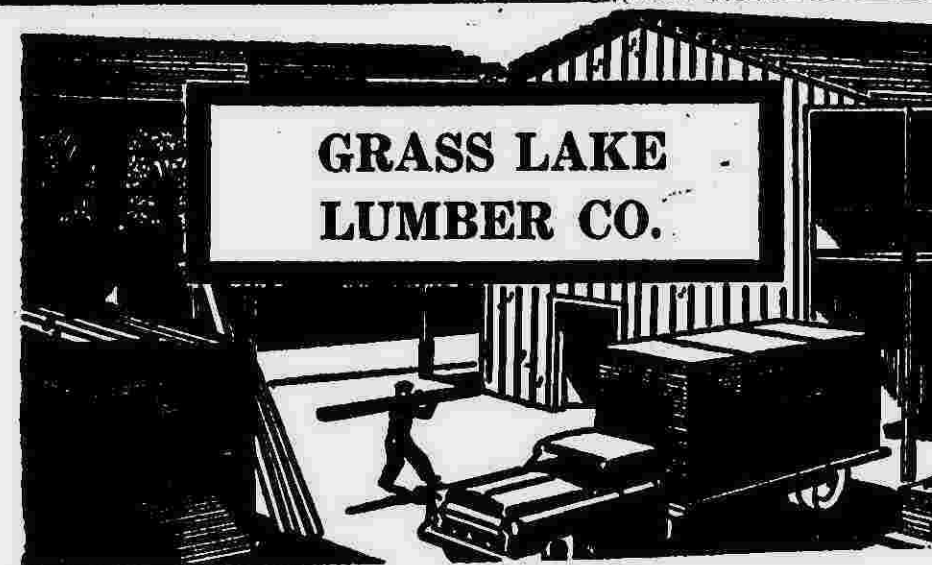

In partially open positions, the Louver-Fold door's vertical, airfoil-shaped louvers angle automatically for free passage of air and light. The line of sight is also controlled by the angled louvers to give a selective view through the door. This permits the homeowner to install a door with the louvers slanting either to the left or to the right, to obscure an unfavorable view in favor of an attractive one. When the door is fully extended, its louvers shut tightly for complete privacy.

Manufactured by Consolidated General Products, Inc., 24th and Nicholson Sts., Houston 8, Texas, Louver-Fold doors are available in stock sizes in sturdy, satin-finish mahogany. Custom sizes are also supplied in birch or in enameled finishes. The door glides open and shut with fingertip ease on a single, overhead steel track.

Installation of the unique door is simple, the maker says. Any home handyman can do the job with ordinary household tools.

More than 50 per cent of America's estimated 350,000 blind people are over 65 years of age, according to the American Foundation for the Blind. Our extended life span has resulted especially in greater occurrence of senile cataract and glaucoma.

PUTTING THE SQUEEZE ON COSTS

Big, economy-sized "toothpaste tubes" are the latest news in efficient oil transportation. The collapsible rubber fabric bags, which will be used both to move and store petroleum, can be tailored to fit any truck, railroad car, or barge. Special rubber coatings make it possible to handle petroleum and almost any other kind of liquid without damaging the container. Using the new tank, truckers will be able to carry liquid cargo in one direction, and—with the tube rolled up—dry cargo on the return trip. Oilmen are quick to adapt every new develop-

ment and improvement to move oil products to the consumer quickly and cheaply.

NEW CAB INTERIORS! You'll think you're in a passenger car! Deep, comfortable seat is covered with new nylon-reinforced fabrics that look smarter, wear longer. In addition, the colorful new Custom Cab (available at extra cost) features two-tone trim and foam rubber seat.

Five New Books At Twp. Library, Memorial Gifts

Among the many fine books recently added to the shelves of the Antioch Township Library are five memorial books.

George R. Stewart has prepared a revised edition of his popular "Names on the Land" which is an historical account of place-naming in the United States.

Geographical names, from European and native sources, have a rich and varied pattern which is a fascinating sidelight to national history.

"Names on the Land" is available at the library in memory of Elizabeth Webb.

The magnitude of World War II has displaced the First World War, but occasionally a book is published that describes that somber time when all of Western Europe lay in ruins and a bitter stalemate gripped the Western Front.

Leon Wolff tells of the costly campaign to break that stalemate in the book, "In Flanders Fields," which was given to the library in memory of Raymond Webb.

"Country Year," by Leonard Hall, is a chronicle of the seasons at Possum Trot Farm in Missouri. Because the author lives so close to nature and is so articulate in describing the wonders of the changing seasons with the migrations and matings, Possum Trot Farm is a mecca for naturalists, conservationists, and progressive farmers.

"Country Year" was purchased in memory of Charles Andersen.

"Jack Tales," one of the fine children's books given in memory of Mrs. F. G. Cramer, contains the folklore of the North Carolina mountain country as collected by Richard Chase. Rich in humor and the beauty of the mountains, these tales have become a classic deeply rooted in our American heritage.

"Questions and Answers on Real Estate," now in its third edition, is of value not only to the real estate dealer but to all who own, or plan to own, a home or to invest in real estate for speculation or future income. Titles, mortgages, deeds, and the many needed forms are discussed in the easily understood text. "Questions and Answers on Real Estate" was given to the library in memory of Harry Krueger.

Named to Lawrence College Honor Roll

Nancy Rentner, 375 Harden St., Antioch, has been named to the academic honor roll on the basis of work completed in June at Lawrence college, Appleton, Wis., according to Registrar Dorothy Draheim. An average of 2.25 or better on the basis of 3.00 is required for honors standing.

Report Cards Sent

Report cards for the first six weeks grading period were distributed this past week to students at the Antioch Township High School.

For quick results, place a want ad by calling 43 or 44.

Today's MEDITATION

The World's Most Widely Used Devotional Guide

The Upper Room
© THE UPPER ROOM, NASHVILLE, TENNESSEE

Read Corinthians 10:13

God is faithful, who will not suffer you to be tempted above that ye are able; but will with the temptation also make a way to escape, that ye may be able to bear it. (1 Corinthians 10:13)

In different parts of the world, folks have the same trials. Let us not think, then, that we are singled out by fate as the bearers of trials uncommon to man. Any resentment will vanish if we remember that there is a fellowship of people carrying the same load as we do.

It is good to remember also that God is not a mere spectator of our trials. We have the rich assurance that God is our reliable Friend. A great missionary spent seven long years on the field before winning a single convert. During that time his wife died. With his own hands he dug the grave and laid her body in it. He himself read the funeral service. Later he wrote, "I was not alone, for Jesus Christ was there."

In our trials God makes a way out, so that we may be able to bear them. Jesus Christ is with us in

all our trials. Therefore we can lift up our hearts.

PRAYER: O Lord, our reliable Friend, help us this day to face life gallantly. In the sure knowledge that Thou wilt sustain us in even the bitterest trial, we put our trust in Thee; through Jesus Christ our Lord. Amen.

Thought for the day: God will never leave me or forsake me.—Hedley W. Plunkett (Eire)

World Wide Bible Reading—Jonah 4:1-11.

Each week, according to the National Safety Council, 81,000 persons are injured in home accidents—an average of an injury every eight seconds. More than four million persons are hurt in home accidents annually, and about 28,000 persons are killed.

Workers are killed more often in accident off the job than on, according to the National Safety Council. It says 31,800 workers die annually off the job as compared with 14,200 on-the-job accidental deaths.

Complete Reports For Accredited Rating at ATHS

The high school board has recently completed the annual reports to the State Department of Public Instruction and to the North Central Association of Colleges and Secondary Schools. The local high school receives its recognition and accreditation on the basis of information supplied in these reports.

Antioch High School has been accredited by the North Central Association continuously for the past 24 years. First accreditation was granted in 1934.

The reports cover administration, enrollment, curriculum requirements, information concerning graduates, student personnel records, library facilities, adult education, audio-visual aids program, teacher load, salaries, student activities, pupil load, guidance services, health

program, school-community relations, special projects, school calendar, daily schedule and financial data.

A person is considered legally

blind if his vision is 20/200 or less, according to the American Foundation for the blind. This means that a legally blind person can see at 20 feet what a person with normal vision can see at 200.

Cheaper to Pass Bond Issue Now - Courthouse Commit'te

This is a publicity release issued by the Lake County Citizens' Committee for a New Courthouse.

The Antioch News publishes it because of its potential interest to many readers. The publication of such releases does not constitute endorsement of the views which may be implied in the text.

"A new courthouse structure will be built—we just want to do it the cheapest way possible."

That's how Bradford E. West explained the proposed \$2,550,000 courthouse bond issue which Lake County voters will decide Nov. 4.

West, a Waukegan insurance man who heads the Lake County Citizens' Committee for a New House, said that passage of the bond issue will mean the new edifice will be constructed cheaper than if it has to be done on a piecemeal basis.

It will be built, one way or the other, however, he emphasized.

The County Board of Supervisors approved putting the bond issue on the ballot because there is need for "additional rooms, offices, storage vaults, facilities for the use of courts of record and county offices."

At the same time—and West emphasized this point—the County Board also passed a resolution to provide for not having the levy extended to the tax bills.

The county's supervisors, West said, have gone on record—unanimously—that the idea is to have the levy abated each year for the 10-year life of the bond issue.

If the people of Lake County pass the bond issue, the committee chairman said, the new building will be constructed pretty much all at once.

If they fail to approve the bond issue, the County Board will go ahead and build it anyhow. "It'll just take longer—and cost more money in the long run."

The reason, he said, is that the supervisors are committed to do something about "the atrocious conditions, the jammed hallways, the bad working conditions, in the courthouse today."

He pointed out that the Lake County Bar Association board of governors—the group which heads the county's lawyers—have voted unanimously in favor of the bond issue.

"And lawyers," he said, "are a pretty sharp group of people—they don't waste money, but they spend what is needed."

"Never was anything needed more in Lake County than a new courthouse facilities," he said.

BURPING WELL THE EARTHY TYPE

A 'burping' oil well with too much gas in its innards can kill men, damage equipment, and waste valuable petroleum. Gas pressure is just one of the problems to contend with in the tricky and costly job of finding new oil reserves. To keep high gas pressures encountered in deep drilling under control, drillers use specially compounded, heavy muds made of clay and barite additives. Because it must be tailor-made according to the peculiarities of each well, mud may range in price from a few cents a barrel to more than five dollars. Mud costs for a single well have run as high as \$100,000.

The Constitution of the Republic of India came into force on January 26, 1950. Under it, India became a sovereign republic while voluntarily retaining her membership in the British Commonwealth of Nations.

Lake Villa

Mrs. Fred Bartlett, Correspondent
Phone Elliot 6-4454

Carol Hollis of Waukegan was a visitor Sunday at the home of Mr. and Mrs. Fred Bartlett, Jr.

Little Diane Popp was absent from kindergarten because of an injured foot.

Mrs. Fred Bartlett visited her sister, Mrs. Norman Nelson in North Chicago Thursday.

Mrs. Harriet Ballinger is spending a vacation with her niece and family, the A. E. Jennings of Norton, Mass. She visited the Wheaton college where Mrs. Jennings attended.

Mrs. Harvey Brooks is able to be out after being ill at her home for the past week.

Brian Ladewig spent the weekend at the home of Mr. and Mrs. Elsworth Ladewig of Zion.

Mr. and Mrs. Stanley Hollis and daughter, Nancy, of Waukegan were visitors at the home of Mr. and Mrs. Ralph Abner Saturday.

Don't forget the Halloween dance sponsored by the Lake Villa Veterans club Saturday, Oct. 25, at the Post home. Prizes for the best costumes, and music by Mel Spooner's orchestra. Dancing will start at 9 p. m.

Paul Bobula is ill at his home on Burnett Ave.

About fifty Lake Villa grade school children enjoyed a roller skating party at the Rollin Wheels roller rink at Twin Lakes, Wis., Saturday afternoon, while the band participated in the Homecoming parade at Grayslake Saturday.

The VFW Auxiliary of Lake Villa will sponsor a dance at Downey hospital Tuesday. Sandwiches and coffee will be served by the members at the close of the dance.

Mrs. Gus Swanson of Glenwood, Ark., but formerly of Lake Villa is now a patient at the hospital at Hot Springs, Ark.

Arthur Nauta of Waukegan, father of Mrs. Lester Hamlin is ill at his home.

Bob Hamlin attended the Homecoming at St. Bede's Academy at Peru, Ill., Saturday. His brother, John, is a student there.

Kay Kasting, Dept. VFW hospital chairman and the following members attended a party at Downey Wednesday: Helen Keisler, Jeanette Keisler, of Antioch, Florence Peterson, Marjorie Suhling, Arlene Slazes, and June Kneiff, all of Lake Villa.

Mr. and Mrs. James McGrain of Waukegan were visitors Sunday at the home of Mr. and Mrs. Frank Slazes, Sr.

Mr. and Mrs. Clarence Blumen-schein returned home after spending a week with Mr. and Mrs. J. C. Johnston of Nevada, Iowa. Mrs. Edward Baker, aunt of the ladies, accompanied the Blumen-scheins on the trip. Mrs. Johnson and Mrs. Blumen-schein are cousins.

Happy anniversary to Mr. and Mrs. Frank Slazes, Sr., who will celebrate their 32nd wedding anniversary on Monday, Oct. 27.

Door of Tomorrow

An unusual new folding door that controls light and air by a system of adjustable vertical louvers is the latest idea for the home. It can also be used as a highly decorative room divider or partition.

In partially open positions, the Louver-Fold door's vertical, airfoil-shaped louvers angle automatically for free passage of air and light. The line of sight is also controlled by the angled louvers to give a selective view through the door. This permits the homeowner to install a door with the louvers slanting either to the left or to the right, to obscure an unfattering view in favor of an attractive one. When the door is fully extended, its louvers shut tightly for complete privacy.

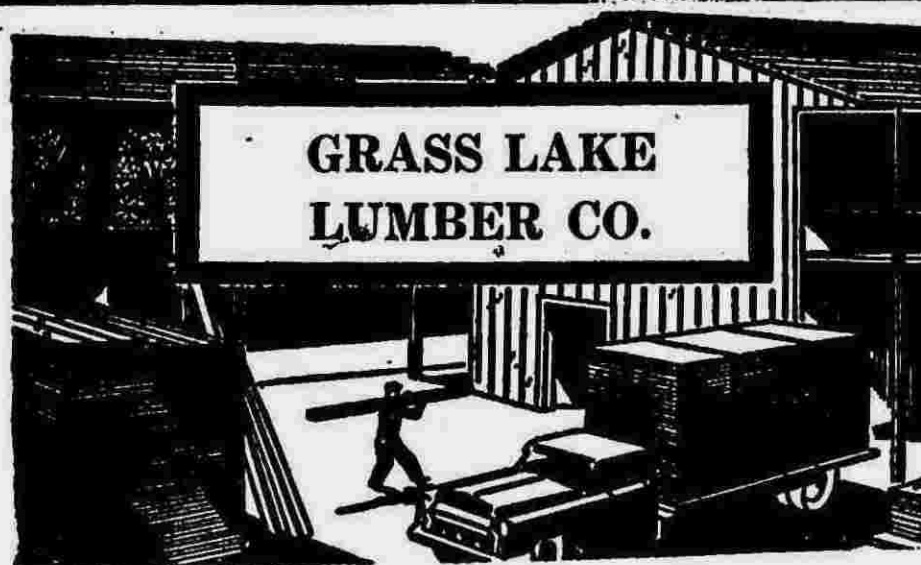

Manufactured by Consolidated General Products, Inc., 24th and Nicholson Sts., Houston 8, Texas, Louver-Fold doors are available in stock sizes in sturdy, satin-finish mahogany. Custom sizes are also supplied in birch or in enameled finishes. The door glides open and shut with fingertip ease on a single, overhead steel track.

Installation of the unique door is simple, the maker says. Any home handyman can do the job with ordinary household tools.

More than 50 per cent of America's estimated 350,000 blind people are over 65 years of age, according to the American Foundation for the

Blind. Our extended life span has resulted especially in greater occurrence of senile cataract and glaucoma.

We have the Lumber and Building Supplies for every Do-It-Yourself job... large or small...

PUTTING THE SQUEEZE ON COSTS

Big, economy-sized "toothpaste tubes" are the latest news in efficient oil transportation. The collapsible rubber fabric bags, which will be used both to move and store petroleum, can be tailored to fit any truck, railroad car, or barge. Special rubber coatings make it possible to handle petroleum and almost any other kind of liquid without damaging the container. Using the new tank, truckers will be able to carry liquid cargo in one direction, and—with the tube rolled up—dry cargo on the return trip. Oilmen are quick to adapt every new develop-

ment and improvement to move oil products to the consumer quickly and cheaply.

Five New Books At Twp. Library, Memorial Gifts

Among the many fine books recently added to the shelves of the Antioch Township Library are five memorial books.

George R. Stewart has prepared a revised edition of his popular "Names on the Land" which is an historical account of place-naming in the United States.

Geographical names, from European and native sources, have a rich and varied pattern which is a fascinating sidelight to national history.

"Names on the Land" is available at the library in memory of Elizabeth Webb.

The magnitude of World War II has displaced the First World War, but occasionally a book is published that describes that somber time when all of Western Europe lay in ruins and a bitter stalemate gripped the Western Front.

Leon Wolff tells of the costly campaign to break that stalemate in the book, "In Flanders Fields," which was given to the library in memory of Raymond Webb.

"Country Year," by Leonard Hall, is a chronicle of the seasons at Possum Trot Farm in Missouri. Because the author lives so close to nature and is so articulate in describing the wonders of the changing seasons with the migrations and matings, Possum Trot Farm is a mecca for naturalists, conservationists, and progressive farmers.

"Country Year" was purchased in memory of Charles Andersen.

"Jack Tales," one of the fine children's books given in memory of Mrs. F. G. Cramer, contains the folklore of the North Carolina mountain country as collected by Richard Chase. Rich in humor and the beauty of the mountains, these tales have become a classic deeply rooted in our American heritage.

"Questions and Answers on Real Estate," now in its third edition, is of value not only to the real estate dealer but to all who own, or plan to own, a home or to invest in real estate for speculation or future income. Titles, mortgages, deeds, and the many needed forms are discussed in the easily understood text. "Questions and Answers on Real Estate" was given to the library in memory of Harry Krueger.

Named to Lawrence College Honor Roll

Nancy Rentner, 375 Harden St., Antioch, has been named to the academic honor roll on the basis of work completed in June at Lawrence college, Appleton, Wis., according to Registrar Dorothy Draheim. An average of 2.25 or better on the basis of 3.00 is required for honors standing.

Report Cards Sent

Report cards for the first six weeks grading period were distributed this past week to students at the Antioch Township High School.

For quick results, place a want ad by calling 43 or 44.

Today's MEDITATION

The Upper Room

Read Corinthians 10:13

God is faithful, who will not suffer you to be tempted above that ye are able; but will with the temptation also make a way to escape, that ye may be able to bear it. (1 Corinthians 10:13).

In different parts of the world, folks have the same trials. Let us not think, then, that we are singled out by fate as the bearers of trials uncommon to man. Any resentment will vanish if we remember that there is a fellowship of people carrying the same load as we do.

It is good to remember also that God is not a mere spectator of our trials. We have the rich assurance that God is our reliable friend. A great missionary spent seven long years on the field before winning a single convert. During that time his wife died. With his own hands he dug the grave and laid her body in it. He himself read the funeral service. Later he wrote, "I was not alone, for Jesus Christ was there."

In our trials God makes a way out, so that we may be able to bear them. Jesus Christ is with us in

all our trials. Therefore we can lift up our hearts.

PRAYER: O Lord, our reliable friend, help us this day to face life gallantly. In the sure knowledge that Thou wilt sustain us in even the bitterest trial, we put our trust in Thee; through Jesus Christ our Lord. Amen.

Thought for the day: God will never leave me or forsake me.—Hedley W. Plunkett (Elre)

World Wide Bible Reading—Jonah 4:1-11.

Each week, according to the National Safety Council, 81,000 persons are injured in home accidents—an average of an injury every eight seconds. More than four million persons are hurt in home accidents annually, and about 28,000 persons are killed.

Workers are killed more often in accident off the job than on, according to the National Safety Council. It says 31,800 workers die annually off the job as compared with 14,200 on-the-job accidental deaths.

Complete Reports For Accredited Rating at ATHS

The high school board has recently completed the annual reports to the State Department of Public Instruction and to the North Central Association of Colleges and Secondary Schools. The local high school receives its recognition and accreditation on the basis of information supplied in these reports.

Antioch High School has been accredited by the North Central Association continuously for the past 24 years. First accreditation was granted in 1934.

The reports cover administration, enrollment, curriculum requirements, information concerning graduates, student personnel records, library facilities, adult education, audio-visual aids program, teacher load, salaries, student activities, pupil load, guidance services, health

program, school-community relations, special projects, school calendar, daily schedule and financial data.

A person is considered legally

blind if his vision is 20/200 or less, according to the American Foundation for the blind. This means that a legally blind person can see at 20 feet what a person with normal vision can see at 200.

Motor Club Warns Against Danger of Carbon Monoxide

A deadly enemy of the motorist is carbon monoxide, warns the Chicago Motor Club.

This colorless, odorless, tasteless gas may become a sneaky killer in cold weather as even small doses of the lethal gas may cause an accident by slowing down driver reaction. The Motor Club explains that one part of carbon monoxide in 700 parts of air can be fatal, and one part in 1,700 parts of air can cause nausea.

Warning symptoms of carbon monoxide are nausea, drowsiness, headache, delayed braking reaction, faulty coordination, and poor vision. When these reactions are noted, car occupants immediately should inhale deep breaths of fresh air.

Carbon monoxide is produced by imperfectly burned motor fuel. An excess may be produced by faulty engine adjustment, but even the best-adjusted engine may leak enough carbon monoxide to be fatal. Chief danger points are faulty gaskets, defective exhaust systems, and clogged exhaust pipes.

To avoid being overcome by carbon monoxide, Matthew C. Sielski, director of the Motor Club's safety and traffic engineering department, recommends the following precautions:

1. Never run a motor in a closed garage or other unventilated enclosure. Open all garage doors before starting engine.
2. Always keep a car window open to assure air circulation.
3. Shut off the motor if you are sitting in a parked car for more than a few minutes.
4. Check your engine for proper combustion.
5. Check all points of the exhaust system for leaks and stoppages.
6. Remember, your exhaust pipe may become clogged by backing into a snow bank.

BLOODMOBILE EFFICIENCY IS OIL BASED

Chief custodian of the corpuscles, the American Red Cross collects or dispenses a pint of blood every seven seconds. This prodigious feat is accomplished with the help of products developed and perfected in oil company laboratories. The modern Bloodmobile, for instance, utilizes better than a dozen plastic items, many of which are petroleum-derived. These include disposable donor sets, "caps" to protect the delicate needles, and bottle seals that prevent the danger of tampering. For economy and efficiency of operation, the Blood Program relies more and more on products supplied by the research time and dollars of the American petroleum industry.

GEMS OF THOUGHT GOOD DEEDS

Right thought and deeds are the sovereign remedies for all earth's woe.—Mary Baker Eddy.

Such as thy words are, such will thine affections be esteemed; and such as thine affections, will be thy deeds; and such as thy deeds will be thy life.—Socrates.

The best way to keep good acts

Classify Antioch Cow 'Excellent'

Kam Lake Urena Melody 3956096, a registered Holstein cow owned by Robert L. Hunter, Antioch, Ill., has been officially classified "Excellent"—the highest designation attainable in the type classification program of the Holstein-Friesian Association of America.

This highly select designation is applied only to animals scoring 90 or more of the 100 points representing theoretical perfection in body conformation.

Of more than 38,800 registered Holsteins officially classified for type last year, only 301 were rated "Excellent."

Deadline Approaching For Re-assignment Of Auto License Nos.

Secretary of State Charles F. Carpenter today reminded motorists who wish to retain their present license numbers for 1959 that the deadline for re-assignment of numbers is rapidly approaching.

Re-assignment applications must be in the Springfield office of the Secretary of State not later than Oct. 31.

He urged applicants to be sure that all questions on the application blank are completely and accurately answered, that the proper fee is included, a notary public seal affixed and the re-assignment request made in the "Remarks" section of the blank.

In particular, he pointed out, the full first, middle and last names should be listed on the application. No initials should be used, unless they do not represent a name. "John Edward Jones" is the way the name should be shown, not "John E. Jones" or "J. E. Jones." Married women should list their own given names, as "Mary Jane Jones," not "Mrs. John Edward Jones."

Attention to those details will eliminate the possibility of having to return the application for additional information, which could result in loss of the desired number because of the time required for transmission through the mail, Secretary Carpenter said.

Mailing of license plates will begin Nov. 1, a month earlier than in past years, but the plates are not to be displayed on cars until Dec. 1. Over-the-counter sale of plates in Springfield and Chicago will begin on Nov. 1, also, Mr. Carpenter said.

in memory is refresh them with new.—Marcus Porcius Cato.

He profits most who serves best.—A. F. Sheldon

A life spent worthily should be measured by deeds, not years.—Richard Brinsley Sheridan.

Our deeds determine us, as much as we determine our deeds.—George Eliot.

Report on Central High Bus Repair

The Board of Education of the Central High School district held its regular meeting Tuesday, Oct. 14. All members were present. Previous meeting and financial reports were given.

Principal Allen H. Erickson informed the board of the status of negotiations necessary in the repair of the bus recently damaged by a truck on Highway 50.

At this time, the several companies involved are making appraisals preliminary to repairing the damage. Inquiry into exchange of the bus for a new replacement vehicle was advised.

The board voted to deny a request by a political group for use of the school facilities.

"A diplomat leads a terrible life. When he isn't straddling an issue, he is dodging one."—Herbert V. Prochnow.

Up to \$12 million of California's income from offshore gas and oil leases can be earmarked for the purchase of recreation areas.

Puzzle on page 13

LANDSCAPING

"No Job Too Large or Small"

"ON HALLOWEEN"
It comes again—All Hallow's Eve,
Beloved, eerie Halloween,
When the dead arise—as some believe,
To stretch their weary bones
and preen.

The pumpkins glow, wide eyes
alight,
The night-witch mounts her fly-
ing broom,
The dead leaves swirl as she soars
in flight
And black cats serenade the moon.

The youngsters sally forth in bands,
Their costumes drawn from goblin
lore,
And they'll have trouble on their
hands
Who fall a handout at the door!

For woe the "Scrooge" who lends
no ear
To their eager call of "Trick or
treat"
For he'll regret it—never fear,
They'll treat to tricks both just
and mete!

In ancient Rome, this night each
year,
The pagan priests to the temple
came

And held weird rites so vile, I hear,
That even Circe blushed with
shame.

And witches whisper and rumors
spread
That though the cult is passed
away,
Though its wicked priests are long
since dead,
Their temples fallen to decay,

On Halloween—at the midnight
hour,
They meet again amid the rubble
As Sibyl summons her psychic
power
And the witches' brew begins to
bubble.

At last she speaks with voice
inane,
"Sic semper idem—your lives
are led!
Your gain was loss—your loss is
gain,
The Cross has won—the past is
dead!"

They turn their sightless gaze away
to the Cross above the Holy See,
"How long will it triumph, Sibyl,
say?"
She answers low, "For eternity!"

With shuddering sighs they fade
from sight
Back to their graves—unheard
—unseen,
But they'll return to the temple site
In weird repeat—next Halloween!
Pearl Kapsa

Most fatal auto accidents involve
only one car, according to the Na-
tional Safety Council.

CHEVROLET SAYS NEW LIKE NOBODY ELSE!

Let your eyes linger over Chevrolet's fresh, finely shaped contours. Relax in the roominess of its elegant new interior, get the exhilarating feel of its hushed, silken ride. No other car says new like this one!

Here's the car that's definitely new in a decidedly different way. The '59 Chevy is shaped to the new American taste with new Slimline design. It brings you a roomier Body by Fisher, vast new areas of visibility. There's a new Magic-Mirror finish that needs no waxing or polishing for up to three years. A new Hi-Thrift 6 and a wide choice of vigorous V8's. Bigger, safer stopping brakes. An even smoother ride. At your Chevrolet dealer's right now!

what America wants, America gets in a Chevy!

definitely new, decidedly different!

The new Impala 4-Door Sedan, like all new Chevies, has Safety Plate Glass all around.

School Group Meets at ATHS

Administrators and music personnel of the Northwest Suburban Conference met this past week at the local high school to discuss conference business.

The principals and assistant principals met at 3 p. m. with special guest W. C. Petty, Lake County Superintendent of Schools, to discuss the secondary school and how it relates to the county superintendent's office.

Considerable time was spent by the group reviewing the problems of the Lake County high schools in a rapidly growing area.

The music instructors met at 4 p. m. to discuss in detail the plans and organization for the 1959 Northwest Conference Music Festival to be held at Round Lake this school year. Antioch High School music chairman Joseph Rush and vocal instructor Kenneth Smouse served as hosts to the music group.

More than 30 persons remained for dinner which was served in the school cafeteria.

Know your scouring powders—read the labels carefully for no one cleaning agent is appropriate for all home cleaning jobs. Use the powder which is specifically manufactured for the surface which is to be cleaned. Porcelain enamel surfaces should be cleaned with the mildest possible scouring powder.

To shampoo your child's hair without fuss, make a little eye mask from a piece of transparent plastic. The child can keep his eyes open and watch the suds without getting any in his eyes. This shampoo game can turn an otherwise unpleasant task into a pleasure.

To keep raisins or other dried fruit from falling to the bottom of the batter when baking a cake, first pour hot water over them and let stand for a few minutes. Drain and mix with flour.

Water can't turn your plastic shower curtains white on the inside if you first wipe them down with furniture polish, then with a dry cloth.

Many of today's efficient home-makers place a rubber mat in the bottom of the kitchen sink, knowing that this is a guard against scraping heavy or rough-bottomed utensils across the glossy porcelain enameled surface.

Old Government

WASHINGTON—Three thousand islands, caves and rocks comprise the Bahamas, the British Colony southeast of Florida. The Bahamian Constitution, dating from 1729, provides a form of government similar to that in the North American colonies before the revolution. The House of Assembly is one of the oldest legislative bodies in the Western Hemisphere.

Story of Firearms Told at Student Council Assembly

The Student Council of the Antioch Township High School sponsored their second professional assembly this past week. The entire student body reported to the boys' gym to hear Ray Sullivan present the program "The Romance and History of American Firearms."

It was a program telling the story of American firearms as it ties in with the history of this country.

Sullivan served 21 years with the Michigan State Police and as special agent for the F. B. I. He has held national titles in pistol shooting and has been an instructor for the F. B. I. as well as public lecturer on police topics and safety.

He recently spent several years in the near East where he was a lecturer at the Foreign Service

Training Center in Lebanon, sponsored by the Arabian-American Oil Co. Sullivan was well equipped by education and training to tell his story to the student body.

Under the Constitution of the Republic of India there are two houses of Parliament. The Rajya Sabha or the Council of States, somewhat similar to the United States Senate, and the Lok Sabha or House of the People parallels the United States House of Representatives.

"About the time you learn to make the most of life—the most is gone."—Zion-Benton News.

Brain Reserch Campaign Begun

The Brain Research Foundation headquarters in Chicago has officially kicked off its 1958 "Trick or Treat" campaign with an announced goal of \$100,000.

Thousands of volunteers throughout the country will distribute boxes of Halloween candy in support of the Foundation's program for brain research until Oct. 31.

Brain illnesses are this country's number one health problem. Brain disorders attack more people in the United States than all other illnesses combined: statistics show one out of ten.

The Foundation was organized to promote research in this field, to further inform the public of the need for expanded research (and to report scientific findings as they occur), and ultimately, to build Brain Institutes for brain research over the country.

"It costs 17 cents an hour less to send a child to school than to hire a baby-sitter."—Kendall County News.

DANGER! FERTILIZER BOOMING

According to latest reports, there's a boom in ammonium nitrate. The petroleum-derived fertilizer—which has been doing such a bang-up job growing food crops—is now being used by oilmen to blast pipeline trenches. They find it safer to handle, easier to control, and cheaper than other explosives. Pellets of ammonium nitrate are mixed with oil and poured into shot holes. Sticks of dynamite placed above and below the mixture provide the compression needed to set it off. Pipeline companies are in keen competition to find the newest and most efficient ways to get oil to market. Their ingenuity pays off for the consumer in terms of better service and cheaper products.

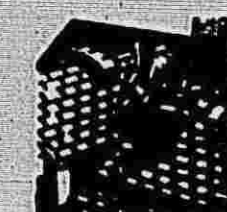

For quick results, place a want ad by calling 43 or 44.

All the revenue from oil and gas leases on state-owned land in Pennsylvania, now about \$4 million a year, is allocated for the reclamation and conservation of forests and the water supply.

NOW! THE COMPACT 1959 RAMBLER IS SETTING NEW SALES RECORDS!

New Personalized Comfort... Even More Miles Per Gallon!

Only Rambler Gives The Best of Both:

1. Big Car Room 2. Small Car Economy

Yes—Rambler, the sales success of 1958, continues to reach new popularity heights with its new 1959 models. For the recognized economy leader gives even more miles per gallon in '59, thanks to new advanced carburetion. Only Rambler offers Personalized Comfort—luxury the costliest cars can't match. Only Rambler has the compact size that makes it easiest of all American-built cars to handle, park and garage... yet has full six passenger room. See Rambler's smart new style and beauty... at your Rambler Dealer's today!

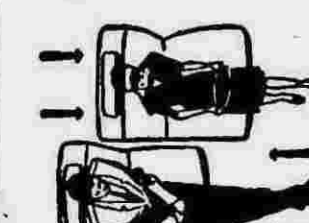

World's Only Car With Personalized Comfort!

People come in different sizes. Mr. Smith is a six-footer, his wife is a petite five feet two.

When Mrs. Smith drove an ordinary car and brought the front seat forward, Mr. Smith had no room for his legs.

Then the Smiths discovered Rambler Personalized Comfort... sectional sofa front seats that glide backward...

... or forward individually to allow just the right legroom for driver and front-seat passenger alike.

You don't know what travel comfort can mean 'til you've experienced Rambler Personalized Comfort. Individual sectional sofa front seats, adjustable headrests, Airliner Reclining Seats, Twin Travel Beds. Drive the '59 Rambler and see!

Lowest first cost, lowest operating cost! Suggested delivered price at factory Kenosha, Wisconsin, including federal taxes for 2-door sedan. State and local taxes, if any, Flash-O-Matic transmission and other optional equipment extra.

Free Air

By
JOE LaRUSSO & DON KENNEDY

WE TOLD YOU . . .

We wish we had a nickel for every auto battery that goes bad when the weather temperature drops. Those first night frosts are a prelude to some early morning 'fancy language' from drivers wanting to get 'going'.

The battery, generator and regulator of your car might be efficient enough in mild weather to operate, but, let that first cold snap arrive, and something must 'give'. What would be an ordinary service job now, will become a costly repair bill and possibly the need for replacing the battery, not mentioning the time lost.

Drive over to **JOE & DON'S TEXACO SERVICE** at 970 Main St. now for the complete winterizing service process which included this important battery check. Don't give us the chance to say, "We told you so."

Always in Season
"America is a land where in the middle of winter women buy spring clothes for summer romances with fall guys."—The Chrisman Weekly Courier.

Shapes of Progress

PAT HANDS—Like aces, back to back, two members of the Navy's famed Blue Angels flying team, show their skill with a pair of new Gruman supersonic jet fighters, F1F-1 Tigers. United Press Photos

FLYING SAUCER?—This strange looking aircraft, flying on one engine, is actually an early-warning airplane designed for Navy carriers. Long-range detection equipment housed in the saucer-like radome gives early warning of impending enemy attack.

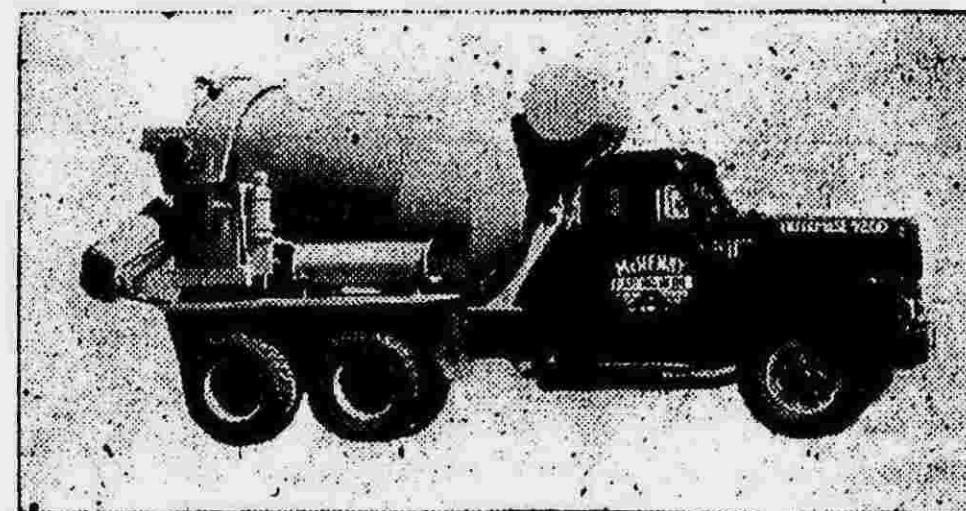

PIGGY-BACK SCHOONER—Although this three-masted square rigger appears to be stealing a ride on the deck of a new U.S. sub, it actually was some distance away when photographed. The Norwegian old-timer has a feature role in a current movie called "Windjammer."

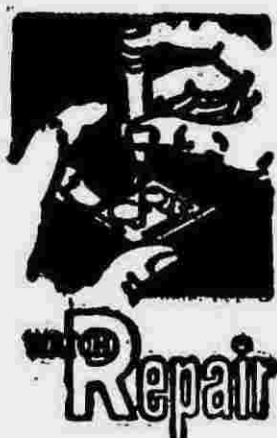

DESTRUCTION FOR NEW CONSTRUCTION—With just one steady pull on the cable, this International Drott TD-9 Skid-Shovel topples a shack that stood in the way of progress for the new Atlanta, Ga., expressway. After the tractor had pulled over the shack, it returned and loaded out the debris.

NOW, at a new home heating rate

THE LUXURY OF ELECTRIC HEATING

For the new-home buyer who wants the very finest—sootless, dustless, odorless heat. Uses no fuel, needs no chimney!

If you are like most people, you may think electric heating is a little like having a yacht, nice if you can afford it.

Modern electric heating does cost a few dollars more, but it is well within the reach of most new-home buyers, and far superior to old-fashioned heating methods.

Because here—for the first time—is a heating system that's just as safe and clean as electric light! You see, it uses no fuel. There's nothing to burn, no open flame. With nothing burning, there's no smoke or soot to create dirt. And with new electric heating, you'll enjoy a wonderful new peace of mind. There's nothing to escape, drip, leak, smell or boil over!

Radiant Electric Heating—a miracle of comfort
Radiant Electric Heating is absolutely silent—with no moving parts, no furnace noise. It produces a deep-down penetrating warmth that feels just like the sun. And it's easily controlled (as easy as tuning your radio) by separate thermostats located in each room. You can keep the bathroom at 80° for bathing comfort, keep the living room at 72° for lounging comfort, keep the bedrooms at an even 66° for perfect sleeping comfort. And you can add summer air conditioning during construction or any other time you choose.

Economical to buy, install, maintain, use
Radiant Electric Heating is available in various forms. For example, it can be a compact baseboard installed along the base of exterior walls. It can be embedded in the floor or the ceiling. Or it can consist of radiant glass panels, installed in the walls. But in the majority of cases, a Radiant Electric Heating system will cost less to install than conventional flame-type systems.

Of course, proper insulation and storm doors and windows are a necessary part of any Electrically Heated Home (electric heating is not recommended for a home without them). But you need no chimney, no hot water pipes or radiators, no furnace, no fuel storage space. Radiant Electric Heating takes no usable floor space. And

there's nothing to adjust, nothing to keep clean. Upkeep is just a fraction of what you'd pay to keep a conventional heating system in operation.

The All-electric Heat Pump—for year-round air conditioning

If you want both electric heating and air conditioning in one unit, you'll choose the new Heat Pump that both heats and cools electrically. With this all-electric system, the air in your home is warmed or cooled to the exact temperature you select, filtered clean, gently and quietly circulated to every room. The Heat Pump is a compact unit that can be installed in the basement or crawl space. Costs no more than you'd pay for conventional heating with air conditioning added. And just as with Radiant Electric Heating, there are no flames, no fumes—nothing to disturb your absolute peace of mind.

The new electric heating rate

On July 28th, 1958, the Illinois Commerce Commission authorized Commonwealth Edison and Public Service Company to put into effect a new electric heating rate that cut the cost of heating with electricity by about 30%. This new rate, together with new developments in heating equipment and better standards of home insulation, puts electric heating well within the means of most new-home buyers. As a result, new electric heating has already been specified for more than 900 Chicagoland area homes and apartments.

Operating costs of electric heating obviously will vary according to the size and type of home and family living habits. Commonwealth Edison and Public Service Company, or your home builder, will be glad to provide electric heating estimates based on the specifications of the home you plan to build or buy.

Remember, electric heating is available now! There's no waiting list and no permits are needed! So if a new home is on the horizon for you, look for the modern miracle of electric heating. You'll find it in the finest new homes available today!

For more information about New Electric Heating, phone your nearest Commonwealth Edison or Public Service office

GOP Promises 'Anti-Fraud' Squads at Polls November 4

Young Republican "anti-fraud squads" will guard against vote-stealing at polling places throughout Illinois on Nov. 4.

William H. Rentschler, President of the Young Republican Organization of Illinois, announced that hundreds of Young Republicans will be marshalled to thwart "ballot bandits" on Election Day.

"The biggest problem, of course, is Cook County," Rentschler said. "In the 1956 election, we ran into wholesale ballot-stealing operations by professional crooks. We will have 10 times as many Young Republicans on guard this year—and we feel our efforts will go a long way toward insuring an honest election."

Despite his emphasis on Cook County, Rentschler pointed out that "anti-fraud squads" will operate in "known trouble spots" in all sections of the state. "Obviously," he said, "we don't intend to pin-point specific locations publicly, simply because we don't want to tip off vote thieves in advance."

Rentschler invited citizens who anticipated election shenanigans in their areas to contact Young Republican headquarters, 173 West Madison Street, Chicago (Randolph 6-6237) for help. He promised that "anti-fraud squads" would be assigned to work in such areas.

Rentschler, who also is National Campaign Chairman of the Young Republicans, said "anti-fraud squads" would be assigned to work in such areas.

Rentschler, who also is National Campaign Chairman of the Young Republicans, said anti-fraud squads also will be on guard in many other states where "ballot bandits" have worked in the past. He cited such big industrial centers as New York, Los Angeles, and Detroit, as well as rural areas in states like Kentucky and West Virginia.

An "anti-fraud squad", according to Rentschler, includes watchers, rovers, and go-getters who report to Young Republican election headquarters at regular intervals.

At least one "watcher" will be assigned to each "critical" polling place. The watcher will be familiar with election laws and voters' rights, and will challenge questionable voters. Watchers will keep headquarters posted on all emergency situations, and also will keep track of known Republicans who haven't voted.

Rentschler said that all irregularities or violations of election procedure will be reported promptly to the Board of Election Commissioners and the State's Attorney's office.

Motorized "rovers" will cover approximately a dozen polling places every 90 minutes, concentrating on trouble spots, relieving "watchers," and maintaining close touch with headquarters.

The GOP "go-getters" will go after known Republicans who have not voted and get them to the polls, providing transportation, baby-sitters, and store-watching service if necessary.

"On the basis of our experience in 1956, Rentschler said, "it is obvious that a surprising number of Illinois citizens are robbed on their vote by unscrupulous vote thieves. In some areas, more than one-third of all votes cast are fraudulent."

"As incredible as this may seem, it's a matter of fact," Rentschler continued, "and the Young Republicans don't aim to stand by and let these crooks pervert the American principle of free elections."

Diabetic patients who are also blind can now obtain a set of records made by the American Foundation for the Blind, giving them directions about diet, travel, general behavior, medication, etc. These records are circulated free of charge to all blind people by the Library of Congress through 30 regional libraries for the blind.

The scope of the LPG business is indicated by the fact that it takes 3,327 tank trucks, 34,082 tank cars, and 17 barges and lake tankers to keep consumers across the nation supplied with this economical, versatile petroleum fuel.

ART OF DIPLOMACY

"A diplomat is anyone who thinks twice before saying nothing."—The Westmont Towne Times.

Rules of the Road

IF YOU ARE INVOLVED IN AN ACCIDENT

Stop immediately.

Render all possible aid to the injured.

Give all necessary information. Report the accident to the Illinois Department of Public Works and Buildings and Your Insurance Company.

"Accidents will happen," but most motor vehicle accidents are caused through ignorance, carelessness, recklessness or negligence.

Illinois law demands that the driver of any vehicle involved in an accident resulting in injury or death, or involving damage to another vehicle, must stop immediately, as close to the scene of the accident as is possible without blocking traffic.

If persons have been injured the driver should render all possible first aid and send immediately for medical assistance, or make arrangements for the injured to be taken to a physician or surgeon, or the closest hospital, for medical or surgical treatment.

The driver must remain at the scene of the accident until he has furnished the other party to the accident his name, address, the license number of his vehicle and, if available, he shall exhibit his operator or chauffeur license.

If the accident involves injury or death, or property damage amounting to \$100 or more the parties involved in the accident MUST, under the law, file a report of the accident with the

Illinois Dept. of Public Works and Buildings, Division of Highways, Bureau of Traffic, 405 East Washington St., Springfield, Ill.

Such report forms are obtainable from the Division of Highways and should be filed as soon as possible, but in no case should the report be filed later than ten days after the accident.

Any driver involved in an accident in which a report must be made, and who willfully fails, refuses or neglects to make such a report to the Department of Public Works and Buildings, may have his operator's or chauffeur's license suspended by the Secretary of State.

Striking an Unattended Vehicle or Fixture

If a driver of a vehicle strikes an unattended vehicle, or a fixture upon or close to the street or highway, he MUST attempt to locate the owner or person in charge of the damaged property immediately and furnish such person his name, address, vehicle license number and, if available, exhibit his operator or chauffeur license. If it is impossible to find the owner or person in charge of a damaged vehicle, the driver is required by law to leave his name, address, vehicle license number and a statement of the circumstances in a conspicuous place

where it will be readily found by the owner.

Penalty for Leaving the Scene of an Accident

Illinois provides for a severe penalty upon conviction of leaving the scene of an accident in which death or personal injuries were suffered by any person. A driver who fails to stop at the scene of an accident in which his vehicle was involved and in which a person was killed or injured, may, upon conviction, be sentenced to not less than 30 days nor more than 1 year in jail. In addition to the jail sentence the driver may also be fined up to \$1,000. The law also provides that the Secretary of State MUST revoke the operator or chauffeur license or permit of any person convicted of leaving the scene of an accident.

The Safety

Responsibility Law

The Illinois Safety Responsibility Law requires that any driver involved in a motor vehicle accident in which a person was killed or injured, or in which property damage of more than \$100 was suffered, must post security acceptable to the Secretary of State or other evidence of his ability to pay damages arising from a possible law suit.

A driver, or an owner, reporting an accident to the Department of Public Works and Buildings may establish proof of his ability to pay damages by presenting evidence that public liability and property damage insurance was in force at the time of the accident. Failure on the part of the owner or driver to present such evidence of public liability and property damage insurance will cause the Department of

Public Works and Buildings to certify the owner, and the driver if he is a person other than the owner, to the Safety Responsibility Division of the Secretary of State's office. If the driver of the motor vehicle fails to comply with the law by posting such security or other evidence within 30 days after certification his driving privileges are suspended. Failure on the part of an owner of a motor vehicle to comply with this provision of the Safety Responsibility Law will cause the Secretary of State to suspend the registration of all motor vehicles owned by him and the current valid license plates on all such motor vehicles must be surrendered to the Secretary of State. The motor vehicles MAY not be registered while such suspension is in effect.

The total amounts of financial re-

sponsibility which an owner, or a driver involved in such accident must prove are:

1. Five thousand dollars (\$5,000) for death or bodily injury to one person;
2. Ten thousand dollars (\$10,000) for death or bodily injury to more than one person;
3. One thousand dollars (\$1,000) for damages to property.

A driver, or an owner, who complies with the law by posting the amount of security required may, after a year from the date of the accident, obtain a refund of the deposit upon showing of satisfactory proof that there is no litigation arising from the accident pending in any court.

Sequoits Meet Grayslake In Finale

Strategy Miscue Blamed For Loss To Lake Forest

Antioch Defeated 18-6 Last Saturday

The Sequoits were one touchdown down and moving the ball with four minutes to go when they gave away a screen pass play which resulted in an interception and a final 18-6 loss to Lake Forest.

Three Scouts quickly salted the game away following the interception with a 40 yard pass play from Jim Kingery to Greg Wuhs and a two yard scoring smash by Norm Swalgren, a Sequoit nemesis all day long.

After a scoreless first quarter, the Scouts moved 56 yards to a score in the second period. Swalgren went the final four yards.

A similar march capped again by Swalgren's eight yard plunge made the score 12 to 0 in the third period.

With Don Pyles carrying the brunt of the load, Antioch began to even things up. Pyles rammed through the defense for the Sequoits' counter from eight yards out.

Trailing by a touchdown with minutes fleeing by, the Sequoits twice held Lake Forest and twice were held.

Walther later reported that he had called for the screen pass, and that the Lake Forest coach told him after the game that his players had heard Antioch planning the maneuver.

The Scouts shifted to meet Pyles, the receiver, and were able to snatch the ball, and Antioch's hopes, away.

The well played and spirited second half attack the Sequoits put up could not overcome the strong passing attack the Scouts mustered throughout the battle. Lake Forest completed ten of 24 pass attempts including several at critical moments.

Round Lake Licks Panthers 20-14 In Homecoming

The Round Lake Panthers won their first homecoming game in the school's history as they defeated Wauconda 20-14 last Saturday.

The Panthers were never headed and would have probably widened the score except for a flock of penalties. They enjoyed a strong statistical advantage in nearly every department.

Scoring in the first, second, and final quarters, the Panthers stayed off threats from the visitors when it counted.

Gene Frum provided a one man show for the winning squad as he chopped out 168 yards and one touchdown in 16 carries.

The Bulldogs' running attack actually lost ground during the afternoon fray coming away with a ten yard deficit in the rushing statistics.

Male Of Species Has Higher Death Rate

NEW YORK—Males experience a higher death rate than females throughout life, with the disparity in mortality being smallest at the youngest and oldest ages and at its maximum during adolescence and early adult life.

Statisticians say that at the preschool ages the death rate for boys is only slightly higher than that for girls, but the ratio of male to female mortality increases markedly with advance in age to a high of nearly 2½ at ages 15-24. This widening disparity in mortality reflects largely the number of males involved in fatal accidents. Accidents alone account for nearly half the mortality difference between boys and girls from all causes combined at ages 1-4; the proportion increases strikingly to more than four-fifths at ages 15-24.

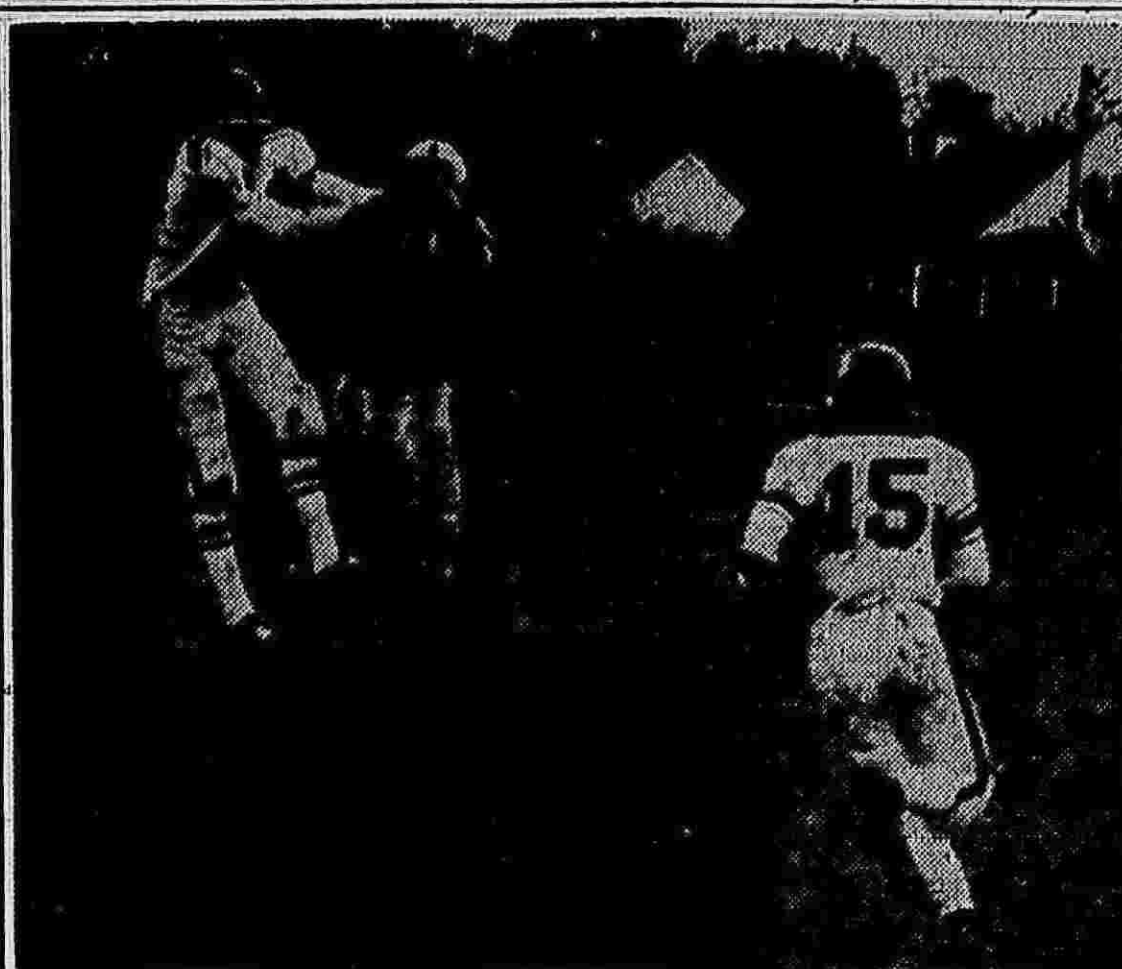

New Materials Cut Swimming Pool Costs

NEW YORK—New scientific developments in building materials are allowing thousands of middle-income Americans to own a backyard swimming pool without selling either of their two automobiles. New materials and construction techniques are responsible. They've brought the cost of a swimming pool downward—anywhere from \$200 up.

One of these new materials is unique plastic polyethylene pipe. On the average, each swimming pool requires about 150 feet of 1, 1½ and 2-inch pipe. Use of this pipe cuts down on high cost of elbows and expensive fittings.

ARIZONA BOUND

Mr. and Mrs. A. L. Schenk, of Bluff Lake, Antioch, left Monday for Arizona, where they will spend the winter months. They plan, also, to visit Mexico while there.

EVERYBODY'S UP IN THE AIR as Dick Gudgeon and a Lake Forest defender scramble for a Dick Wolf aerial during last Saturday's loss to the Scouts. Other Foresters fly to the rescue, but the pass fell incomplete.

Early Scoring Insures Wilmot's 1st Victory

A quick defense and sharp passing provided the winning margin as Wilmot's Panthers hung on to a 19-13 decision in the Dad's Night game last Friday.

It was the first win of the season for Wilmot who had dropped four league encounters after tying Antioch in the season opener.

The Panthers drew first blood on a 36 yard pass play from Greg Bush to Wally Parteneheimer, the first of three touchdowns made by the halfback-end.

A perfection punt brought the ball down to the Geneva goal line whereupon the visitors fumbled and Wilmot recovered on the one yard line.

Parteneheimer slammed into the end zone to make the score 12-0 at halftime.

In the third period the Panthers recovered a fumble on the Geneva 42. Moving on the ground to the 11, Bush then shot a pass to Parteneheimer. Bush ran for the extra point making it 19-0.

The tide began to turn when Wilmot bobbled and lost the ball at midfield Geneva drove for the score before the third period ended.

In the final period Geneva took a punt at midfield and again began to move towards the Wilmot goal.

A four-yard flip from Dick Kahn to Ken Jiardine made the score 19-12. John Hicks provided the final point with his kick. There were no further threats.

Falcons Win 31-13 Over Rochester

Homecoming Fans Cheer 5th Victory

Salem Central's Falcons are heading towards a highly successful season. They scored their fifth win, a 31-13 trouncing handed to Rochester, against three losses last Friday night during Central's homecoming celebration.

Quarterback Fred Lentz and fullback Rick Thomas led the Falcons' offense through the air and on the ground in the lopsided game.

Lentz tallied 101 yards on passes, including two touchdowns. Thomas rushed for 110 yards and added two more scores including a 69 yard scamper for the opening quarter.

Salem led 13-7 at the intermission and poured in two more touchdowns early in the third quarter.

Rochester's presumed superior speed was stifled in most cases by an inspired Falcon defensive wall. The visitors led only once when they passed for a touchdown in the second period and took a 7-6 edge on Fred Klarr's conversion run.

Salem Central will play its final game against Union Grove on the home field Friday.

Antioch Cast In Roll Of Spoiler In Sat. Home Game Against Rams

Antioch's Sequoits have a chance, and every intention, of throwing a last block into the title-bound Grayslake Rams when the two teams clash at 2:30 p. m. Saturday on the A.T.H.S. field.

Thoughts of revenge have been running through the minds of the home squad ever since they absorbed a lopsided drubbing at the hands of the Grayslake team in a frosh-soph contest last year.

Nothing would be sweeter than putting a crimp into the Rams' drive for a second straight conference championship. A loss Saturday, plus a win by Lake Forest's Scouts would force the Rams into a tie for the league lead.

According to the book and past performances, the chances are strongly against such an upset at Antioch, but Coach Robert Walther asserts that his team "is capable of winning."

He reported this week that the squad is more strongly inclined toward battle than they have been all season.

A final win would label the otherwise mediocre season a success in the minds of fans and players alike.

Two injuries will hamper the Sequoits. Chip Eberman is out with water on his knee following injuries sustained last week against the Scouts.

Bill Dressel is also out with what has finally been determined to be a broken wrist.

Walther's heavy but slow line will have to meet a fast split T attack which is recognized to be the best ground game in the conference.

The Rams have three driving backs in Lynn, Ebert, and Tom Farm. Farm carried the load in Grayslake's sledgehammer win against Ela-Vernon.

But Walther predicted that the real test would be stopping the whip-fast Lynn and Ebert who make Farm's slams effective.

Grayslake uses many reverses and pitchouts to open up the opposing defense. They have employed the ancient statue of liberty play effectively much to the embarrassment of their opponents.

Antioch's Wing T attack will probably function under a starting backfield line-up of Dick Wolf at quarterback, Dick Gudgeon and Jack Thompson at the halves, and Don Pyles at fullback.

Due to the earlier publication schedule now in effect at the Antioch News, the deadline for sports news, including bowling league reports, is 5 p. m. Monday preceding the date of publication.

SEQUIOT TACKLERS prepare to put the stop on a Scout ball carrier as he slashes into the secondary. Vic Nauseda is in the foreground. No. 75 is Wes Merryman. Phil Mitchell (61) and Don Pyle (35) scurry over from the far side of the play.

Begin Distribution Of 1959 Auto License Plates Sat.

Mailing of Illinois' 1959 motor vehicle license plates will begin Saturday, but the plates must not be displayed on cars until Dec. 1, Secretary of State Charles F. Carpenter said today.

Over-the-counter sale of plates at Springfield and Chicago will begin on Nov. 17, Mr. Carpenter said. The period from Nov. 1 to 17 will be used to clear the registration books of all numbers retained by their present holders under the re-assignment provisions of the law, he said. The re-assignment deadline is Oct. 31.

Display of plates prior to Dec. 1, whether received through the mail or purchased over the counter, is a violation of the law, Carpenter pointed out.

The particular section of the law which applies reads: "The Secretary of State may receive applications for renewal of registration and grant the same and issue new registration cards and plates at any time prior to expiration of registration, but no person shall display upon a vehicle the new registration plates prior to Dec. 1."

The Nov. 1 starting date for mailing plates, a month earlier than in past years, will substantially reduce a backlog which has previously accumulated during the period when the post office experiences its annual heavy flow of Christmas mail, Carpenter said.

This, in turn, will make possible speedier delivery of plates after the holiday season, Carpenter said.

Laursen and Blackman won two from John's River Inn.

Bill's Service Station won two from Meinersmann's Insurance.

First Aid Facts

Spiders—Ticks—Chiggers—Scorpions

FIRST AID WHEN THEY BITE OR STING

By Dr. Paul F. MacLeod

1. Spiders are not dangerous except for the notorious Black Widow found mostly in the southern and eastern areas of the United States. Contrary to popular belief, the bites of the tarantula and Brown Widow are not fatal, though they can cause considerable discomfort. The Black Widow's poison, which acts on the nervous system, causes immediate pain.

What you can do. Call the doctor at once. Enforce rest, keep the patient warm and apply cold packs on the bite while awaiting the doctor's visit. Don't worry the patient with your anxieties. Teach children that the common spider may be a nuisance, but it is not a menace.

2. Wood ticks are flat, brown, one-fourth inch long, with eight legs. They are mostly harmless, but should be removed. The bite transmits germs, sometimes the germ causing Rocky Mountain spotted fever.

What you can do. Cover the tick with kerosene or an ointment such as Unguentine. This will stifle the tick. Let the ointment stay on for 30 minutes. Then remove the tick with tweezers. Scrub the area with soap and water to remove germs left on the skin.

3. Chiggers are tiny (barely visible), red mites which inject an irritating fluid. They congregate under the arms and around the waist line.

What you can do. Wash with yellow soap and sponge with alcohol or a baking soda solution.

4. Scorpions are three inches long, have eight legs, an elongated body and a tail which contains a stinger. Authorities say

their bites are usually not fatal, except for one particular species. These are yellow scorpions originating in Mexico and found in the southwest. Their bites are not necessarily fatal either. As with Black Widow bites, the smaller the person bitten, the more severe are the results.

What you can do. Apply ice packs. Apply a tourniquet for five minutes above the sting. A rubber band may be used if it is in the finger or toe. Avoid cuts and suction (the method used for snake bites). Call your doctor if a child is stung, if the swelling does not recede, or any unusual reaction develops.

*Director, Health and Accident Research Division, The Norwich Pharmacal Company, Norwich, N.Y.

TEN TIRES IN TANDEM

Giant rubber "tires", each 5 feet high, 3½ feet wide, and capable of holding 500 gallons, are being used by the Army to haul heavy loads of petroleum products over terrain too rough for ordinary trucks. They can be filled or emptied at the rate of 50 to 100 gallons a minute. These tires are hitched up in trains of 10, and can be hydraulically braked from the hauling vehicle and towed

singly or in tandem. Army officials say the new tank-tires are a cheap, easy, and fast way to get precious supplies of motor fuels, chemicals, and insecticides across sand, mud, swamps, ice, or deep snow.

The Republic of India embraces one-fifteenth of the earth's surface, covering an area of 1,269,640 square miles. The country extends 2,000 miles from north to south and has a coastline 3,535 miles long.

THESPIAN EFFORTS AWARDED

Dorothy Jach, daughter of Mrs. Fred W. Jach of Antioch, has received a part in the first play of the school year at Knox College, Galesburg.

Dorothy, a freshman, will play the role of Mme. Parole in Samuel and Bella Spewack's play, "My Three Angels."

The play, to be presented on Nov. 13, 14 and 15, is a farce dealing with the part three escaped convicts play in helping a household by disposing of an unpopular uncle.

Dr. Roland Chase is the director.

Insurance Groups Support Ill. Court Reform Amendment

This is a publicity release issued by the Association of Casualty & Surety Companies. The Antioch News publishes it because of its probable interest to many readers.

The publication does not constitute an endorsement of the views which may be implied by the text.

The Association of Casualty and Surety Companies, a nationwide organization of 137 stock insurance companies, strongly advocates measures which will eliminate court delay and, accordingly, supports and endorses the proposed Judicial Amendment to the Illinois Constitution, according to Roy L. Davis, midwestern manager of the Association.

It is the stated belief of the Chicago and Illinois Bar Associations and the Committee for Modern Courts—supported by leading civic, labor, farm, professional and business organizations—that the judicial reform proposition to be voted on at the Nov. 4 election will assist substantially in the reduction of congestion and delay in the courts. Under the present judicial system, persons involved in personal injury litigation may be forced to wait from four to six years for their cases to come to trial in Cook County and up to two years downstate.

Mr. Davis said "the concern of our member companies in court reorganization lies in the prompt handling of personal injury and property damage liability suits, convinced as they are that the delay presently existing is harmful not only to injured persons but to insurance companies and the general public as well. Literally thousands of persons who file suit during the coming year have no chance whatsoever of having trials within a reasonable time. This is nothing but a denial of justice in many cases. Furthermore, court congestion has undoubtedly in some degree affected the prestige of our courts, which is a matter of concern to everybody."

The Association agrees with the finding of the Committee for Modern Courts, that the Judicial Amendment will make possible a "simplified court system designed to assure equal, speedy and more economical justice to every citizen of Illinois."

Mr. Davis lauded the work of the judiciary itself in its efforts to cope with the problem of congestion. "If it were not for the herculean efforts of judges during the past few years the situation would be much worse. Their efforts point up the fact that reorganization and modernization of our court system is long overdue. We cannot, and should not, expect our judges to contend with the tremendous load of cases before them, handicapped by an outmoded, patchwork court system which does not, and cannot, effectively utilize presently available manpower. Our judicial system is the foundation and bulwark of our free society. The judges who man our courts have grave responsibilities affecting everyone of our citizens. They deserve the best court system that can be designed."

Mr. Davis said insurance companies realize that additional judges and facilities are badly needed in certain areas which have experienced tremendous population gains in recent years.

The Association welcomes the movement to bring about a modern, unified court system because of its promise of reduction in court delays.

It is estimated that there are about 350,000 blind persons in the U. S. Of this number only about 8 per cent are presently employed, according to the American Foundation for the Blind, which gives as its source of information the U. S. Office of Vocational Rehabilitation.

SEEMINGLY PERPLEXED at the prospect of hopping over the stick is Chrystal Anderson of Warren High School, one of the more than 125 girls in attendance at the Girls' Athletic Assn. Playday held at Antioch Township High School last Saturday. Actually it's part of a relay game. Charlene Anderson and Sally Thompson, both of Harvard, Ill., are holding the knee-high barrier. Nancy Scott is at extreme right. Nancy Inwood of Grayslake is the second girl in the line.

SPARE TIRE DOUSES FIRE

On your next motor trip, save luggage space by carrying spare tire and fire extinguisher in the same can! An aerosol "bomb" filled with the oil chemical dichlorodifluoromethane can inflate the average "spare" to 22 pounds in six seconds. It can also double as a fire extinguisher, depriving the fire of air and lowering the surrounding temperature. The first batch of this chemical was developed at the cost of \$50 a pound. Today it is a cheap source of raw material for more than 500 small companies which are in the business of packaging aerosol products.

More than twice as many males as females are killed each year in accidents, according to the National Safety Council.

Women see physicians more often than men do, especially at the ages of 15 through 44. During childhood, however, boys receive more medical care than girls. Health Information Foundation.

Tale Of Warning Offered To Parents For Halloween Eve.

Little Carolyn was about out of breath—it isn't easy for a 3-year-old to keep up with older children on their Halloween trick-or-treat rounds.

She had piped "Trick or treat!" to dozens of people in the neighborhood, and had filled a bag almost as big as its proud possessor.

Whether the other children grew tired of waiting for Carolyn, or whether she stopped to thrust a tiny hand into the sack of treats—no one knows why she got behind so far she had to run to catch up.

She was hit and killed in the middle of an intersection by a car.

No wonder parents are especially concerned with the welfare of their children on Halloween night. It's a night when bedtime is moved back an hour—or two, if the protests are long and loud enough—and little ones are allowed the unaccustomed privilege of roaming a dark street.

Little wonder, then, that organizations such as the National Safety Council are urging parents—and children, too—to go all out to make this Oct. 31 safe from Halloween hazards.

"No one," the Council points out, "wants to spoil the fun of youngsters on Halloween. We all were kids once, too."

"But Halloween need not be should not be—a time of tragedy."

How can parents make Halloween free from tragedy? Turn your attention to these items, the Council advises:

Buy your children light-colored costumes—they're easier to see at night. And make sure the outfits aren't tripping hazards, and that they're flameproof.

Masks are dangerous because they restrict vision. They're also hot and some are scratchy, so kids will welcome a painted false face. A little rouge, eyebrow pencil and moustache stick can make children miniature ghosts, goblins, pirates or clowns—but with the added safety factor of allowing them to see danger in time to avoid it.

Remind children that on Halloween, as during the rest of the year, such safety precautions as these should be observed:

No dashing from between parked cars, no playing in the street, no crossing the street without first looking both ways.

To make doubly sure motorists can see costumed children, put reflectorized tape or bands on their outfits.

Motorists can help by slowing down a bit on Halloween, and by keeping in mind that there'll be lots of children out that night—excited children who may dash into the street without advance warning.

Vehicles, planes, and industrial machines are the biggest users of petroleum greases. In 1956, the 4,684,926 barrels sold were apportioned as follows: automotive, 3,040,916 barrels; general industry, 1,640,381 barrels; aviation, 3,629 barrels.

Some 41,837 over-the-road tank trucks, trailers, and trains, with a total capacity of 242,719,838 gallons, carry oil and its products to consumers all over the country.

Jr. Class Play Stirring Tale Of 'Human Conflicts'

"Twelve Angry Women" will be presented by the Junior Class at Antioch Township High School Nov. 7 and 8.

The play will be given at the high school. Curtain time will be 8 p.m.

Nancy Brockway and Sharon Dittman have been cast in the starring roles in a drama which revolves about the deliberations of a trial jury.

The play was adapted from the award winning television play and movie, "Twelve Angry Men."

The plot traces the human conflict which is aroused by a problem of justice. The jurors, none of whom are named, display universal characteristics in their actions.

Youths Attend Ambrose College

Three area youths are attending Ambrose College according to final enrollment tabulations released last week.

Thomas McGreal and Francis Walsh of Antioch and Robert Doyle of Lake Villa are among the total enrollment of 1,443 at the Davenport, Iowa, college.

Wilmot

Mrs. Herman Frank, Correspondent
Tel. Underhill 2-2752

(Written for last week)

Wilmot Homemakers held their first meeting of the year at the home of Mrs. William Elverman, Wednesday. Guests were Mrs. George Bovee, Mrs. Harvey Brown, Mrs. Roger Sherman, Mrs. Robert Horton, Mrs. Young, Mrs. Joe Rauch, Mrs. Pearson, Mrs. Art Winn, Mrs. Archie Bausch and Mrs. Dan Fleming. Mrs. Robert Horton resigned as secretary and Mrs. Art Winn accepted the position.

Mr. and Mrs. Alfred Lemke, Glenview, Ill., were Sunday dinner guests of Mr. and Mrs. Floyd Gyger, Sr. Mr. and Mrs. Floyd Gyger, Jr., and family were supper guests.

Mr. and Mrs. Donald Schubert moved into the L. Van Patten house at Silver Lake, Sunday.

Richard Bauman, Woodstock, Ill., spent Saturday with Mr. and Mrs. George Higgins.

Mr. and Mrs. George Higgins attended the funeral of Mrs. Rennie Holmes, Genoa City, Thursday.

Mr. and Mrs. Carl Kunz and daughter, Chicago, were Monday callers of Mr. and Mrs. Ben Kunz.

Mr. and Mrs. George Higgins called on Mr. John Pofahl at the Kenosha hospital Wednesday.

Mr. and Mrs. Emmett O'Donnell, Milwaukee, spent Sunday with Mr. and Mrs. Cyril Pacey. Other guests were Mr. and Mrs. Floyd Pacey and Sandra, Kenosha.

Mr. and Mrs. Gust Neuman and Fred Rieman were Sunday dinner

guests of Adolph and Hannah Neuman, Racine.

Mr. and Mrs. John Ehler spent Tuesday and Wednesday with Mrs. Cyril Pacey.

A general invitation is extended to all of the voters to come and meet Mrs. Eleanor J. Smith, Republican candidate for Congress from the first district. Open house will be held for her at the home of Misses Grace and Erminie Carey, Oct. 30, with a tea, 2 to 4 p.m. Hostesses will be Mrs. Carl Stefan, Mrs. Herman Frank, Mrs. Frank Kriska, Jr., Mrs. Elmer Rasch.

The Bid and Chatter club met Thursday at the home of Mrs. William Hagms.

Mrs. Henry Ten Bruin, Chicago, Mrs. Rodella Harms and Ralph called on Mrs. William Harms, Thursday afternoon.

Mr. and Mrs. Oliver Balza, Beth and Bobby, Rock Island, Ill., Billy Balza, Watertown, Wis., were Sunday dinner guests of Mr. and Mrs. Herman Frank.

Mr. and Mrs. Clyde Wright, Ringwood, Ill., spent Sunday afternoon with Mr. and Mrs. Harvey Brown.

Mr. and Mrs. Floyd Gyger, Sr., and LeRoy, Mr. and Mrs. Harvey Brown celebrated the birthday of Floyd Gyger, Jr., Saturday evening.

Mr. and Mrs. Robert Richards and family, Mr. and Mrs. Albert Mizzen, Bristol, Mr. and Mrs. John Mizzen, Salem, celebrated the birthday of Jean Fleming, Sunday, at the home of Mr. and Mrs. Dan Fleming.

Mr. and Mrs. Alfred Lemke, Glenview, Ill., spent Friday with Mr. and Mrs. Floyd Gyger, Sr.

Mr. and Mrs. Herman Frank, and Billy Balza, Watertown, spent

Saturday evening with Mr. and Mrs. Joe Balza, Kenosha.

Mr. and Mrs. Elmer Rasch and family were Sunday dinner guests of Mrs. L. Sweet, Richmond, Ill.

Mr. and Mrs. Norman Rasch and family were Sunday guests of Mr.

and Mrs. George Robinson, Pleasant Prairie, and their guests, Mr. and Mrs. William Campbell, Grif-

fiths, Ind., and were afternoon guests of Mr. and Mrs. Harold Letting in honor of their son, Gary's birthday.

Mr. and Mrs. Stanford Heide and

family, Kenosha, spent Wednesday with Mrs. R. C. Shottliff to celebrate her birthday.

Carl Otto had the misfortune to break his left arm while playing football at Northwestern College, Watertown.

Don't lug it...

BURN IT!

...in an Automatic

GAS

Incinerator

No Smoke!..No Smell!

Just pop in messy garbage—and close the lid! In just seconds, the magic gas flame takes over and consumes smoke and odor for the entire burning cycle. Installed in your basement or utility room, a handy GAS Incinerator disposes of anything burnable—even bones, old shoes, egg shells, coffee grounds. Burns automatically—leaves fine, powdery ash you can use as fertilizer on lawns and gardens—all for just pennies a day!

Today's MEDITATION

The World's Most Widely Used
Devotional Guide

The Upper Room

THE UPPER ROOM, NASHVILLE, TENNESSEE
Read Acts 10:9-20.

(Peter) saw heaven opened, and a certain vessel descending unto him, wherein were all manner of four-footed beasts of the earth, and wild beasts, and creeping things, and fowls of the air. (Acts 10:11, 12)

What an amazing vision Peter saw! This was a vision of the heathen world waiting to be won to Christ.

As it was to Peter, to us also these things look unclear, untouchable. The animal-like life, the sinful nature, the materialistic spirit, the proud and arrogant walk of men possess no attractiveness. We want to stand apart from them, to run away from them. But the voice from heaven insists: "What God has cleansed, you must not call common."

A healthy church has the hunger for winning souls and the ability to assimilate the souls she has won. Alexander Vinet, a Christian thinker, has said, "The Church lives on the spoil it takes from the world daily." Evangelization is the condition of the existence and continuance of the Church. It is its nourishment.

PRAYER: Heavenly Father, Thou hast prepared the table. Thou hast accomplished the salvation. Thou dost cleanse man of his sin, defilement, and corruption. Give us the desire to bring others to Christ and add them to His Church. In His name we pray. Amen.

Thought for the Day: A living church is an evangelizing church.
N. Khachadourian (Syria)

WINTER GREASE & OIL

Proper lubrication has a big effect on the 'wear and tear' and mileage of the modern automobile with its close engine tolerances on moving parts. During cold weather it is particularly important that the correct lubricants be used on your specific model car.

Unless you're driving the oldest vintage 'jelly', your automobile manufacturers' recommendations should be followed. Besides having the least wear, your car will operate to the maximum of its efficiency with less gasoline.

You will discover that JOE & DON'S TEXACO SERVICE has the latest information on all U.S. Model cars as well as some of the foreign ones. Drive in at 970 Main St. for safe and lasting lubrication at less cost per mile.

there when
you want it...

...a bedside phone gives
you peace of mind—plus!

A bedside phone gives you more than mere peace of mind—the wonderful reassurance of knowing help's nearby if you need it. A phone at your bedside is a real step-saver, too. It's always near when someone calls you—or when you want to make a call. Modern phones come in lovely colors that fit right into your decorating scheme. Call us today and we'll be glad to install phones in your bedrooms—or wherever you need them.

Mrs. Earl Beese—532-W1
Mrs. Walter Johnson—532-M1

Wedding bells rang at 3 o'clock last Saturday, October 25, for Gloria Fleider of Highwoods Drive, Petite Lake, and Quintine Belke, of Lake Villa. They were married at the Community Methodist Church of Lake Villa, and were the first couple to be married in the church's newly completed building.

Attending the bride and groom were Miss Barbara Fleider, the bride's sister, and Don Nystrom, of Round Lake.

The bride wore a beige silk suit with corsage of yellow and white mums and her attendant wore a light brown silk suit with corsage of rust colored mums. Both girls wore small feather hats.

A reception for family and friends was given following the ceremony at the home of the bride's parents, Mr. and Mrs. Frank Fleider, Petite Lake. The groom's parents are Mr. and Mrs. Theodore Belke of Lake Villa.

Both Gloria and Quin attended Antioch High School and he recently returned from two years' service in the Marine Corps. The young couple will make their home at Cross Lake, Wis.

Congratulations to the Albert Ernstings of Petite Lake, who have a new arrival in their household. Robert Guy was born Wednesday, Oct. 22, at Victory Memorial Hospital, Waukegan, and weighed in at 5 lbs. 7 1/2 oz. He is the sixth child for the Ernstings and evens the score at three boys and three girls.

Several brave families packed their camp gear and headed for the Mississippi Palisades State Park, near Savannah, Ill., to spend what turned out to be a rather wet weekend. Those who went were the Lester Hribar family, the Robert Harts, the Clyde Queens, the Earl Beeses, the Herb Meyers, and Willard Ratz, scoutmaster for Troop 80. Altogether there were 22 campers, 11 adults and 11 children, the youngest members being Tommy Queen, age 1 1/2 years, and Billy Beese, 2 1/2. Everyone had a fine time climbing the high rock cliffs and hiking through the woods, in spite of the inclement weather. Amy Hart even made dumplings for the stew while standing in the rain. All in all the food and company were good and made up for the bad weather.

Mr. and Mrs. Willis Westgard of Petite Lake are home after two weeks of visiting relatives in Minnesota. Their son, Richard, also accompanied them and they all report that the weather was good, which allowed them to do some golfing and some rather profitable hunting.

A birthday party with family and friends attending was given on Oct. 18 by Mrs. Fern Forbee, Selter's Subdivision, for her daughter, Becky, who celebrated her first birthday, and for Fern's father, Mr. George Latham, of Chicago.

Susan Schaefer of Beachwood subdivision, made her first communion at St. Peter's Catholic Church of Antioch on Sunday, Oct. 26. Her parents, Mr. and Mrs. Wilbert Schaefer, celebrated the occasion with a family dinner at which four generations were represented. Mrs. Schaefer's grandmother, Mrs. Louis Prange, her mother, Mrs. John Prange, and she and Susan were all present. Altogether 19 persons were present at the party.

Marianne Robis also made her first communion at St. Peter's on Sunday. She is the daughter of Mr. and Mrs. Stanley Robis of Beachwood Subd., Petite Lake. Mrs. Harry Nelson, son of Mrs. Torborg Nelson of Indian Point, was recently home on a four day leave from Marmion Military Acad-

Educator Says Schools Should Help Students To "Find" Themselves

SANTA BARBARA, Calif.—The talk of "toughening up" our schools along specific lines is regressive and over-simplified for the 20th century adolescent needs more heterogeneous schools and an increasingly prolonged period to find "self" vocationally, educationally, and emotionally.

So observed Dr. Jacob Kounin of the University of Kansas. Emphatically rejecting a more rigid school system based on "the way it used to be," the psychologist called for a greater diversity of curricula, more experimentation and research, and more psychological counseling, to meet the needs of an increasingly complex democratic society.

Perhaps the "adolescent problem" is not so much in the behavior of the teenager as in the adult, suggested Dr. Kounin. He argues that the increased attributions to youth, after World War I and II, of juvenile delinquency, immorality, and anti-authority feelings cannot be justified in terms of discoverable facts. It is difficult to prove, for instance, the degree to which juvenile delinquency existed or exist, since "crime waves" and precinct reports depend on subjective judgments and differing standards.

The psychologist suggested that an over-action of adults to teenagers' behavior can partly be attributed to a lack of communication. Adolescents can't confide in parents and teachers because of their real power over the child. Confiding often means being childish. Adults often block communication by being uncomfortable and suspicious, he added.

The Republic of India leads the world in the production of tea and peanuts and enjoys a virtual world monopoly in lac production. She is the second largest producer of rice and jute, the third largest grower of tobacco and the world's fourth largest producer of raw sugar.

emy in Aurora, Ill. During his leave, he enjoyed attending the Antioch high school football game. He has made many friends at the Academy and among his acquaintances are quite a few boys from Lake County, so he feels right at home.
